CHIEF'S PREFACE

As the Chief of Police, I am responsible for establishing the enforcement philosophy, policies, and guidance which provides the foundation for this department's operation. I want it understood that the values and objectives contained in this manual are critical to the department's standing in the campus community, and our ability to be effective.

The purpose of this manual is to aid department members in the performance of their duties by providing written orders, which define department policy and provide guidelines for making decisions. This manual intends to improve the quality of service the Department provides to the Napa Valley Community College District and help the department uphold its mission to support the academic process and endeavors of all who use the college by creating an environment which is as safe and crime free as possible.

The provisions in this manual replace all previously issued General or Special Orders and Training Bulletins. Further, this manual governs the duty-related activities of all employees, in all areas, except in those instances affected by negotiated labor agreements, laws, or District policy.

If any section, subsection, item, clause, or phrase contained in this manual is found to be illegal or otherwise incorrect or inapplicable, such finding shall not affect the validity of the remaining portions of the manual.

Sincerely,

Amber D. Wade
Chief of Police

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Law Enforcement Code of Ethics

100.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that all peace officers are aware of their individual responsibilities to maintain their integrity and that of their department at all times.

100.2 POLICY

The Law Enforcement Code of Ethics shall be administered to all peace officer trainees during the Basic Academy course and to all other persons at the time of appointment (11 CCR 1013).

100.3 LAW ENFORCEMENT CODE OF ETHICS

AS A LAW ENFORCEMENT OFFICER, my fundamental duty is to serve; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I WILL keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. Emergency Operations Plan

202.1 PURPOSE AND SCOPE

The District has prepared an Emergency Operations Plan for use by all employees in the event of a major disaster or other emergency event. The plan provides for a strategic response by all employees and assigns specific responsibilities in the event that the plan is activated (Government Code § 8610).

202.2 ACTIVATING THE EMERGENCY PLAN

The Emergency Operations Plan can be activated on the order of the official designated by the plan.

202.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Napa Valley College Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

202.3 LOCATION OF THE PLAN

The Emergency Operations Plan is available in the Office of the Chief, on the department's shared drive, and via electronic means. All supervisors should familiarize themselves with the Emergency Operations Plan. The Chief of Police will ensure that department personnel are familiar with the roles police personnel will play when the plan is implemented.

Training

203.1 PURPOSE AND SCOPE

By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

203.2 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels, and legal mandates. Whenever possible, the Department will use courses certified by the California Commission on Peace Officer Standards and Training (POST).

203.3 OBJECTIVES

The objectives of the Training Program are to:

(a) Enhance the level of law enforcement service to the public.

(b) Increase the technical expertise and overall effectiveness of our personnel.

(c) Provide for continued professional development of department personnel.

(d) Ensure compliance with POST rules and regulations concerning law enforcement training.

203.4 TRAINING PLAN

A training plan may be developed and maintained by the Chief of Police for the purpose of maintaining, reviewing, and updating the training plan on an annual basis.

203.5 TRAINING NEEDS ASSESSMENT

The Office of the Chief will conduct an annual training-needs assessment of the Department. The needs assessment will be reviewed by staff. Upon approval by the staff, the needs assessment will form the basis for the training plan for the fiscal year.

203.6 TRAINING REVIEW

The Chief of Police may review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Committee should review include, but are not limited to:

(a) Any incident involving the death or serious injury of an employee, volunteer, student staff or any community member.

(b) Incidents involving a high risk of death, serious injury or civil liability.

(c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

(d) Any use of force incident as deemed appropriate by the Chief of Police.

The Chief of Police may determine what training should be addressed, taking into consideration the mission of the Department and available resources.

203.7 TRAINING PROCEDURES

(a) All employees assigned to attend training shall attend as scheduled unless previously excused bythe Chief of Police or the Sergeant. Excused absences from mandatory training should be limited to the following:

1. Court appearances
2. First choice vacation
3. Sick leave
4. Physical limitations preventing the employee's participation.
5. Emergency situations

(b) When an employee is unable to attend mandatory training, that employee shall:

1. Notify the Chief of Police or the Sergeant as soon as possible but no later than one hour prior to the start of training.
2. Make arrangements through the Chief of Police or the Sergeant to attend the required training on an alternate date.

203.8 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Napa Valley College Police Department Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Chief of Police.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Chief of Police. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by the Chief of Police.

The Chief of Police or Sergeant will be responsible for monitoring the progress of personnel to ensure compliance with this policy.

203.9 POLICY

The Department shall administer a training program that will meet the standards of federal, state, local, and POST training requirements. It is a priority of this department to provide continuing education and training for the professional growth and development of its members.

203.10 CHIEF OF POLICE

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must conform to the Napa Valley College email use policy and procedure.

204.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business-related items that are of particular interest to all users. Personal advertisements are not acceptable.

Email messages that are addressed to the entire District are only used for official business related items and must be approved by the Chief of Police or Sergeant before sending.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

204.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

It is the policy of the Napa Valley College Police Department to provide identification cards to qualified former or retired officers as provided in this policy.

207.3 LEOSA

(a) Separated from service in good standing from this department as an officer.

(b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.

207.3.1 LEOSA IDENTIFICATION CARD FORMAT

The LEOSA identification card should contain a photograph of the former officer and identify him/her as having been employed as an officer.

207.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former officer of this department, may carry a concealed firearm under 18 USC § 926C when he/she is:

agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.

(b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.

(a) For the purpose of this policy, honorably retired includes all peace officers who have qualified for, and accepted, a service or disability retirement. It shall not include any officer who retires in lieu of termination.

(b) No CCW Approved endorsement shall be issued to any officer retiring because of a psychological disability (Penal Code § 26305).

207.5.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

(a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.

revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

207.7 DENIAL, SUSPENSION, OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD

A CCW endorsement for any officer retired from this department may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Officer in Charge when the conduct of a retired peace officer compromises public safety (Penal Code § 25470).

(a) In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.

(b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree's last known address (Penal Code § 26315).

1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.

(c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization, and one selected jointly (Penal Code § 26320).

1. The decision of such hearing board shall be binding on the Department and the retiree.
2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped "No CCW Privilege."

(d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Officer in Charge as soon as practicable. The Officer in Charge should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.

1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).

2. The Officer in Charge should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.
3. The personal and written notification should be as follows:
   (a) The retiree's CCW endorsement is immediately and temporarily suspended.
   (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
   (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.
4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Officer in Charge should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Officer in Charge may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

Retaliation prohibitions for reporting suspected violations are addressed in the Anti-Retaliation Policy.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 FAIR AND UNBIASED USE OF FORCE

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.3 DUTY TO REPORT EXCESSIVE FORCE

Any officer who observes a law enforcement officer or an employee use force that potentially exceeds what the officer reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.2.4 FAILURE TO INTERCEDE

An officer who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the officer who used force beyond that which is necessary (Government Code § 7286(b)).

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Officers may only use a level of force that they reasonably believe is proportional to

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

(a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).

(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time (Penal Code § 835a).

(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).

(d) The conduct of the involved officer leading up to the use of force (Penal Code § 835a).

(e) The effects of suspected drugs or alcohol.

(f) The individual's apparent mental state or capacity (Penal Code § 835a).

(g) The individual’s apparent ability to understand and comply with officer commands (Penal Code § 835a).

(h) Proximity of weapons or dangerous improvised devices.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.

(j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).

(k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.

(l) Training and experience of the officer.

(m) Potential for injury to officers, suspects, bystanders, and others.

(n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.

(o) The risk and reasonably foreseeable consequences of escape.

(p) The apparent need for immediate control of the subject or a prompt resolution of the situation.

(q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(r) Prior contacts with the subject or awareness of any propensity for violence.

(s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.

(b) Whether the person can comply with the direction or orders of the officer.

(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Napa Valley College Police Department for this specific purpose.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, officers should consider actions that may increase officer safety and may decrease the need for using force:

(a) Summoning additional resources that are able to respond in a reasonably timely manner

(b) Formulating a plan with responding officers before entering an unstable situation that does not reasonably appear to require immediate intervention

(c) Employing other tactics that do not unreasonably increase officer jeopardy

In addition, when reasonable and feasible, officers shall evaluate the totality of circumstances presented at the time in each situation and, when reasonable and feasible, shall determine and utilize reasonably available de-escalation techniques, crisis intervention tactics, and other alternatives, if any, that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)).

300.3.6 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Officers of this department are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person’s trachea or windpipe (Government Code § 7286.5).

300.3.7 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence or pre-existing medical conditions. While it is impractical to restrict an officer's use of reasonable control methods when attempting to restrain a combative individual, officers are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once the individual is safely secured, officers should promptly check and continuously monitor the individual's condition for signs of medical distress (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify themself as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code § 835a).

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably

practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

(a) An officer may use deadly force to protect themself or others from what the officer reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.

(b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Officers shall not use deadly force against a person based on the danger that person poses to themself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

Additionally, an officer shall not use deadly force against a person whose actions are a threat solely to property unless the person poses an imminent danger of death or serious physical injury to the officer or others in close proximity.

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force. When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (Government Code § 7286(b)).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(a) If the officer does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.

(b) If the officer reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATION TO SUPERVISORS

Any use of force by an officer shall be reported immediately to a supervisor, including but not limited to the following circumstances (Penal Code § 832.13):

(a) The application caused a visible injury.

(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.

(c) The individual subjected to the force complained of injury or continuing pain.

(d) The individual indicates intent to pursue litigation.

(e) Any application of a conducted energy device or control device.

(f) Any application of a restraint device other than handcuffs, shackles, or belly chains.

(g) The individual subjected to the force was rendered unconscious.

(h) An individual was struck or kicked.

(i) An individual alleges unreasonable force was used or that any of the above has occurred.

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Section Policy.

300.5.3 REPORT RESTRICTIONS
Officers shall not use the term "excited delirium" to describe an individual in an incident report. Officers may describe the characteristics of an individual's conduct, but shall not generally describe the individual's demeanor, conduct, or physical and mental condition at issue as "excited delirium" (Health and Safety Code § 24402).

300.6 MEDICAL CONSIDERATIONS
Once it is reasonably safe to do so, properly trained officers should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITY
A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:

1. The content of the interview should not be summarized or included in any related criminal charges.
2. The fact that a recorded interview was conducted should be documented in a property or other report.
3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.

1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.8 TRAINING

Officers, investigators, and supervisors will receive annual training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

300.8.1 TRAINING REQUIREMENTS

Required annual training shall include:

(a) Legal updates.

(b) De-escalation tactics, including alternatives to force.

(c) The duty to intercede.

(d) The duty to request and/or render medical aid.

(e) Warning shots (see the Firearms Policy).

(f) All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).

Published with permission by Napa Valley College Police Department

See the Training Policy for restrictions relating to officers who are the subject of a sustained use of force complaint.

300.8.2 STATE-SPECIFIC TRAINING REQUIREMENTS
Required state-specific training shall include guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities (Government Code § 7286(b)).

Additionally, training should include training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

300.9 USE OF FORCE ANALYSIS

At least annually, the Patrol Sergeant should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.

(b) Training needs recommendations.

(c) Equipment needs recommendations.

(d) Policy revision recommendations.

300.10 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.11 POLICY REVIEW

The Chief of Police or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

300.12 POLICY AVAILABILITY

The Chief of Police or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.13 PUBLIC RECORDS REQUESTS

Requests for public records involving an officer's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

Handcuffing and Restraints

301.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

301.2 POLICY

The Napa Valley College Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, the Transporting Persons in Custody Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

301.3 USE OF RESTRAINTS

Only members who have successfully completed Napa Valley College Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

301.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

301.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg restraints, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themself or others, or damage property.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances, and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the detainee, officers, or others (Penal Code § 3407; Penal Code § 6030). See the Transporting Persons in Custody Policy for guidelines relating to transporting pregnant persons.

301.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer, or damage property.

301.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

301.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical

condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

301.6 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person’s behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.

301.7 TRAINING

The Chief of Police should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg restraints, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

(e) Proper placement of safely secured persons into an upright or seated position to avoid placement on the stomach for an extended period, as this could reduce the person's ability to breathe.

Control Devices and Techniques

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

302.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Napa Valley College Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

302.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

302.4 RESPONSIBILITIES

302.4.1 OFFICER IN CHARGE RESPONSIBILITIES

The Officer in Charge may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

302.4.2 SERGEANT RESPONSIBILITIES

The Sergeant shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Sergeant or the designated instructor for a particular control device. The inspection shall be documented.

302.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Sergeant for disposition. Damage to District property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

302.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

302.6 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. OC spray should not be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

302.6.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of the Chief of Police or Sergeant.

302.6.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

302.7 POST-APPLICATION NOTICE

Whenever OC has been introduced into a residence, building interior, vehicle or other enclosed area that are owned or controlled by the Napa Valley College, officers will notify the Napa Valley College Facilities Department to arrange for cleanup.Should the introduction be in a private vehicle the owners or available occupants will be provided with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

302.8 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

302.8.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.

(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

302.8.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject's clothing.

(d) The subject's proximity to others.

(e) The location of the subject.

(f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

302.8.4 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

302.9 TRAINING FOR CONTROL DEVICES

The Chief of Police shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer's training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

302.10 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

303.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

303.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training may be issued and may carry the CED.

The Chief of Police should keep a log of issued CED devices.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

Officers who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon (Penal Code § 13660).

(a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.

(b) For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.

(c) Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

303.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Chief of Police for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

Published with permission by Napa Valley College Police Department

303.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

303.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

303.5.1 APPLICATION OF THE CED

The CED may be used, when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

(a) Is violent or is physically resisting.

(b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themself, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

303.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

(a) Individuals who are known to be pregnant.

Published with permission by Napa Valley College Police Department

(b) Elderly individuals or obvious juveniles.

(c) Individuals with obviously low body mass.

(d) Individuals who are handcuffed or otherwise restrained.

(e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

(f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

303.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

303.5.4 MULTIPLE APPLICATIONS OF THE CED

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

(a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

(b) Whether the probes are making proper contact.

(c) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

303.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should

Published with permission by Napa Valley College Police Department

be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

303.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

303.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

303.6 DOCUMENTATION

Officers shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

303.6.1 CED REPORT FORM

As applicable based on the device type, items that shall be included in the CED report form are:

(a) The brand, model, and serial number of the CED and any cartridge/magazine.

(b) Date, time, and location of the incident.

(c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.

(d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.

(e) The range at which the CED was used.

(f) The type of mode used (e.g., probe deployment, drive-stun).

(g) Location of any probe impact.

(h) Location of contact in drive-stun mode.

(i) Description of where missed probes went.

(j) Whether medical care was provided to the subject.

(k) Whether the subject sustained any injuries.

(l) Whether any officers sustained any injuries.

The Chief of Police should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Chief of Police should also conduct audits of CED device data

Published with permission by Napa Valley College Police Department

downloaded to an approved location and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

303.6.2 REPORTS

The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing CEDs

(b) Identification of all witnesses

(c) Medical care provided to the subject

(d) Observations of the subject's physical and physiological actions

(e) Any known or suspected drug use, intoxication, or other medical problems

303.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes or who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.

(b) The person may be pregnant.

(c) The person reasonably appears to be in need of medical attention.

(d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).

(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

303.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Rangemaster and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

303.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate by the Chief of Police. All training and proficiency for CEDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Chief of Police is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Chief of Police should include the following training:

(a) A review of this policy.

(b) A review of the Use of Force Policy.

(c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.

(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.

(e) Scenario-based training, including virtual reality training when available.

(f) Handcuffing a subject during the application of the CED and transitioning to other force options.

(g) De-escalation techniques.

(h) Restraint techniques that do not impair respiration following the application of the CED.

(i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.

(j) Proper tactics and techniques related to multiple applications of CEDs.

Officer-Involved Shootings and Deaths

304.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

304.2 POLICY

The policy of the Napa Valley College Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner. Therefore the Department will seek investigative assistance from the Napa Sheriff's Office and the Napa County Major Crimes Task Force.

304.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect’s actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

304.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

304.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect will be conducted in accordance with the Operational Memorandum Of Understanding Between Napa County and Napa Valley College Regarding Law Enforcement Response On Napa Valley College Properties.

304.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the employing agency’s protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

304.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of Napa Valley College Police offices will be conducted by the Napa Sheriff's Office.

304.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

304.5.1 DUTIES OF INITIAL ON-SCENE SUPERVISOR
Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor from either the Napa Police or Napa Sheriff's Department should:

(a) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.

(b) Attempt to obtain a brief overview of the situation from any non-shooter officer(s).

1. In the event that there are no non-shooter officer, the supervisor should attempt to obtain a brief voluntary "public safety statement" overview from one shooter officer.

(c) If necessary, the supervisor may administratively order any officer from this department to immediately provide public safety information necessary to secure the scene and pursue suspects.

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.

(d) Absent a voluntary statement from any officer(s), the initial on scene supervisor should not attempt to order any officer to provide other than public safety information.

(e) Provide all available information to the Shift Sergeant from either Napa Police or Napa Sheriff's Department and the Dispatch Center. If feasible, sensitive information should be communicated over secure networks.

(f) Take command of and secure the incident scene with additional personnel until relieved by a detective supervisor or other assigned personnel. Identify and document all officers on scene (regardless of agency).

(g) As soon as practical, shooter officer should respond or be transported (separately, if feasible) to the station for further direction.

1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.

2. When a officer's weapon is taken or left at the scene (e.g., evidence), the officer will be provided with a comparable replacement weapon or transported to the station by other law enforcement officers.

304.5.2 SHIFT SERGEANT DUTIES

Upon learning of an officer-involved shooting, the Shift Sergeant for the Napa Sheriff's Office shall be responsible for coordinating all aspects of the incident until relieved by the appropriate command level officer.

304.5.3 NOTIFICATIONS

The following person(s) shall be notified as soon as practicable:

- Chief of Police of NVCPD and the Napa Sheriff
- Napa Sheriff's Office Patrol Sergeant
- Napa County Officer Involved Shooting Protocol rollout team
- Outside agency investigator (if appropriate)
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
- President/Superintendent of Napa Valley College
- Public Information Officer for Napa Valley College

304.5.4 INVOLVED OFFICERS

The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.

1. Involved NVCPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-NVCPD officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).

(d) A licensed psychotherapist shall be provided by the Department to each involved NVCPD officer. A licensed psychotherapist may also be provided to any other affected NVCPD members, upon request.

1. Interviews with a licensed psychotherapist will be considered privileged.
2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.

3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Communications between the involved officer and a peer support member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved NVCPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Sergeant or Chief of Police to make schedule adjustments to accommodate such leave.

304.5.5 NOTIFICATION TO DEPARTMENT OF JUSTICE

The California Department of Justice (DOJ) is required to investigate an officer-involved shooting resulting in the death of an unarmed civilian. The Officer in Charge should promptly notify the DOJ in all incidents involving an officer-involved shooting resulting in the death of an unarmed civilian, including where it is undetermined if the civilian was unarmed.

For purposes of notification, “unarmed civilian” means anyone who is not in possession of a deadly weapon (Government Code § 12525.3).

304.6 CRIMINAL INVESTIGATION

The Napa County Major Crimes Task Force is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) NVCPD supervisors and Sergeant personnel should not participate directly in any voluntary interview of NVCPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of the officer's choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally, or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

Published with permission by Napa Valley College Police Department

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

304.6.1 REPORTS BY INVOLVED NVCPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved NVCPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved NVCPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved NVCPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

304.6.2 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Napa Sheriff's Office supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Napa Sheriff's Office supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Sergeant.

304.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

304.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of NVCPD officers to determine conformance with department policy. The investigation will be conducted under the supervision of the appropriate external agency and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

(a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).
4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
5. The Sergeant shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
6. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

304.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

304.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available body-worn video, or other video or audio recordings in accordance with the Body-Worn Camera Policy .

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney, lead investigator for the Napa County Major Crimes Task Force and the College Counsel's Office, as appropriate.

304.10 DEBRIEFING

Following an officer-involved shooting or death, the Napa Valley College Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

304.10.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

304.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Officer in Charge, Patrol Sergeant and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved NVCPD officer to visits by the media (Government Code § 3303(e)). No involved NVCPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Sergeant. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

304.12 REPORTING

If the death of an individual occurs in the Napa Valley College Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide, the Patrol Sergeant will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022).

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

305.2 POLICY

The Napa Valley College Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. (a) Situations where the member reasonably anticipates an armed encounter.

(b) When a member is faced with a situation that may require accurate and effective fire at long range.

(c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.

(d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.

(e) When a member reasonably believes that a suspect may be wearing body armor.

(f) When authorized or requested by a supervisor.

(g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured consistent with department training in a locking weapons rack in the patrol vehicle.

305.3.4 PERSONALLY OWNED DUTY FIREARMS

Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Chief of Police or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

(a) The firearm shall be in good working order and on the department list of approved firearms.

(b) The firearm shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

(c) Prior to carrying the firearm, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.

(a) The handgun shall be in good working order and approved by the Chief of Police.

(b) Only one secondary handgun may be carried at a time.

(c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.

(d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.

(e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

(f) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Chief of Police or the authorized designee shall approve the ammunition.

(g) Prior to carrying the secondary handgun, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.

(h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

305.3.6 AUTHORIZED OFF-DUTY FIREARMS

The carrying of firearms by members while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

(a) The member may use his/her duty firearm or may use a personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. A member carrying his/her duty firearm will be deemed to have complied with (c), (d) and (e) of this section.

1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.

(b) The firearm shall be carried concealed at all times and in such a manner as to prevent accidental unintentional cocking, discharge or loss of physical control.

(c) It will be the responsibility of the member to submit the firearm to the Rangemaster for inspection prior to being personally carried. Thereafter the firearm shall be subject to periodic inspection by the Rangemaster.

(d) Prior to carrying any off-duty firearm, the member shall demonstrate to the Rangemaster that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.

(e) The member will successfully qualify with the firearm prior to it being carried.

(f) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.

(g) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.

(h) Members shall only carry department-authorized ammunition.

(i) When armed, officers shall carry their badges and Napa Valley College Police Department identification cards under circumstances requiring possession of such identification.

305.3.7 AMMUNITION

Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

305.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

305.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

305.4.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

305.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

305.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

305.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

(a) Members shall not unnecessarily display or handle any firearm.

(b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.

(c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.

(d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.

(e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.

(f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.

(g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If

the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

305.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

305.5.2 ADDITIONAL GUIDELINES FOR STORAGE

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles, or any other area under their custody or control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 17060; Penal Code § 25100; Penal Code § 25105; Penal Code § 25145).

305.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

305.5.4 ADDITIONAL GUIDELINES FOR STORAGE IN VEHICLES

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle's interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

305.6 FIREARMS TRAINING AND QUALIFICATIONS

All sworn personnel are required to attend twelve (12) monthly firearms training sessions annually, unless excused by their supervisor, and qualify annually with their duty weapons on an approved range course. The Rangemaster or his designee shall maintain accurate records of qualifications,

repairs, maintenance, training, or as directed by the Napa Sheriff's Department Administrative Lieutenant. Range training records will be incorporated into the Napa Sheriff's records for each Napa Valley College Police Department sworn officer. In addition to regular qualification schedules, the Rangemaster shall be responsible for providing all sworn personnel with annual practical training designed to simulate field situations.

NON QUALIFICATION

If any Officer is unable to attend a qualification or range because of injury, illness, duty status or scheduling conflict, the officer shall notify the Sergeant or Chief prior to the absence. The supervisor will notify the Rangemaster, indicating the reason for the absence. E-mail notification is sufficient.

If any officer is unable to qualify due to a lack of proficiency the officer will be provided remedial training until proficiency is demonstrated. Officers should not leave a qualifying training session unless they have completed the prescribed course of fire satisfactorily. Members who repeatedly fail to qualify may be allowed to return to their assigned duties; however they must return to the range and satisfactorily qualify within 72 hours. Members who then fail to qualify will be relieved from field assignment and appropriate disciplinary action may follow.

305.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report or provide a recorded statement to the Chief of Police prior to the end of shift, unless otherwise directed.

(b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by the Chief of Police.

305.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC)

spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

305.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Stray or abandoned injured animals that may be moved or taken to an available veterinarian should not be euthanized. With supervisor approval, abandoned injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed (Penal Code § 597.1).

305.7.3 WARNING AND OTHER SHOTS

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective, and reasonably safe.

Warning shots shall not be used.

305.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Chief of Police after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Chief of Police documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep

accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Chief of Police.

305.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Napa Valley College Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Napa Valley College Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Napa Valley College Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

305.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her Napa Valley College Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Officer Response to Calls

307.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

307.2 RESPONSE TO CALLS

Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

307.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer should notify Dispatch if available.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

307.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3 unless the Officer in Charge or the field supervisor authorizes an additional unit(s).

307.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer should notify Dispatch if available.

307.5 RESPONSIBILITIES OF RESPONDING OFFICERS

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions, traffic congestion, or the presence of pedestrians does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch if available. An officer shall also discontinue the Code-3 response when directed by a supervisor.

307.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher should assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. The dispatcher should:

(a) Confirm the location from which the unit is responding

(b) Notify and coordinate allied emergency services (e.g., fire and ambulance)

(c) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated

(d) Control all radio communications during the emergency and coordinate assistance under the direction of the Officer in Charge or field supervisor

307.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Officer in Charge or the field supervisor shall verify the following:

(a) The proper response has been initiated

(b) No more than those units reasonably necessary under the circumstances are involved in the response

(c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Officer in Charge or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

307.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly.

Domestic Violence

308.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

308.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

308.2 POLICY

The Napa Valley College Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible. Depending on the severity of the crime NVCPD may work with the Napa County Sheriff's Office per the NVCPD-NSO Memorandum of Understanding.

308.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

308.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

1. A lethality assessment should be administered to victims of domestic violence to assess the level of danger and/or the severity of the situation and attached to the appropriate report.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

children who may not have been in the house at that particular time should also be obtained for follow-up.

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the College Police or Napa County Sheriff's Office Investigator in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Whether the suspect lives on the premises with the victim.
2. Claims by the suspect that the victim provoked or perpetuated the violence.
3. The potential financial or child custody consequences of arrest.
4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the abuse occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.

Published with permission by Napa Valley College Police Department

11. The social status, community status, or professional position of the victim or suspect.

308.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

308.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:

1. Voluntary separation of the parties.

2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the resolution in a report.

308.4.3 ARRESTING OFFICERS' RESPONSIBILITIES REGARDING FIREARMS
If a suspect is arrested, officers shall (Penal Code § 273.76):

(a) Query the Automated Firearms System through the California Law Enforcement Telecommunications System (CLETS) for any firearms owned or possessed by the arrestee.

1. The investigating or filing officer shall include a copy of the Automated Firearms System report when filing the case with the district attorney or prosecuting city attorney.

(b) Ask the arrestee, victim, and any other household members, if applicable, about any firearms owned or possessed by the arrestee.

(c) Ensure that any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual or other lawful search is taken into temporary custody pursuant to Penal Code § 18250.

(d) Document in the arrest report the detailed actions taken required by Penal Code § 273.76.

308.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected:

(a) Victims should be provided with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) Victims should also be alerted to any available victim advocates, shelters, and community resources.

(c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers should stand by for a reasonable amount of time.

(d) If the victim has sustained injury or complaints of pain, officers should seek medical assistance as soon as practicable.

(e) Officers should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for the victim's safety or if the officer determines that a need exists.

(f) Officers should make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(g) If appropriate, officers should seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

308.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

308.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

308.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.

1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

308.9 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).

(b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of the victim's right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).

(c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)

2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)

3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

308.10 REPORTS AND RECORDS

(a) A written domestic violence incident report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents, including notations for any court order served that are subject to the report requirements (Penal Code § 13730; Code of Civil Procedure § 527.12).

(b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.

(c) Officers who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

308.11 RECORD-KEEPING AND DATA COLLECTION

The Records Section shall work with the Napa County Sheriff's Office Records to maintain records of court orders related to domestic violence and the service status of each order (Penal Code § 13710).

Additionally, records shall be maintained on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation. Records shall work with the Napa County Sheriff's Office Records to ensure this information is reported monthly to the California Department of Justice (DOJ). The Records Supervisor has the responsibility to ensure that records are maintained and the required information is reported to the DOJ (Penal Code § 13730).

308.12 SERVICE OF COURT ORDERS

(a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) A temporary restraining order, emergency protective order, or an order issued after a hearing shall, at the request of the petitioner, be served on the restrained person by an officer who is present at the scene of a reported domestic violence incident or when the officer receives a request from the petitioner to provide service of the order (Family Code § 6383; Penal Code § 13710).

(c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

    1. An officer should ensure that the Records Section is notified of any firearm obtained for entry into the Automated Firearms System (Family Code § 6383) (see the Records Section Policy for additional guidance).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide the person with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

308.13 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

308.14 DOMESTIC VIOLENCE DEATH REVIEW TEAM

This department should cooperate with any interagency domestic violence death review team investigation. Written and oral information relating to a domestic violence death that would otherwise be subject to release restrictions may be disclosed to the domestic violence death review team upon written request and approval of a supervisor (Penal Code § 11163.3).

308.15 DECLARATION IN SUPPORT OF BAIL INCREASE

Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).

Search and Seizure

309.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Napa Valley College Police Department personnel to consider when dealing with search and seizure issues.

309.2 POLICY

It is the policy of the Napa Valley College Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

309.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

309.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search.
2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

309.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

310.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Napa Valley College Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

310.2 POLICY

The Napa Valley College Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Napa Valley College Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

310.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Napa Valley College Police Department:

(a) Unconscious

(b) Seriously injured

(c) A known suicide risk or obviously severely emotionally disturbed

(d) Significantly intoxicated except when approved by the Officer in Charge. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).

(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

Published with permission by Napa Valley College Police Department

These juveniles should not be held at the Napa Valley College Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

310.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Officer in Charge shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

310.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill themself, or any unusual behavior which may indicate the juvenile may harm themself while in either secure or non-secure custody (15 CCR 1142).

310.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Napa Valley College Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Napa Valley College Police Department without authorization of the arresting officer's supervisor or the Officer in Charge. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Napa Valley College Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1).

310.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Napa Valley College Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

310.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

310.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Napa Valley College Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.

(b) Released to a parent or other responsible adult after processing at the Department.

(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.

(d) Transported to the juvenile offender's home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

310.5 ADVISEMENTS

Officers shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, the juvenile shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, the juvenile offender shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to their parent or guardian; one to a responsible relative or their employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

310.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(c) Officer in Charge notification and approval to temporarily hold the juvenile.

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Napa Valley College Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Officer in Charge. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

310.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Officer in Charge approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to themselves or others include the following (15 CCR 1145):

(a) Age, maturity, and delinquent history

(b) Severity of offense for which the juvenile was taken into custody

(c) The juvenile offender's behavior

(d) Availability of staff to provide adequate supervision or protection of the juvenile offender

(e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

1. All safety checks shall be logged.
2. The safety check should involve questioning the juvenile as to the juvenile's well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
3. Requests or concerns of the juvenile should be logged.

(e) Juveniles of different genders shall not be placed in the same locked room (15 CCR 1147).

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

310.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Officer in Charge will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Napa Valley College Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

310.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile (Welfare and Institutions Code § 625.6).

Threats, physical harm, deception, or psychologically manipulative interrogation tactics shall not be used by an officer during a custodial interrogation of a juvenile (Welfare and Institutions Code § 625.7).

The requirements to consult with legal counsel or to refrain from the use of prohibited interrogation techniques do not apply when (Welfare and Institutions Code § 625.6; Welfare and Institutions Code § 625.7):

(a) Information is necessary to protect life or property from an imminent threat.

    1. The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

310.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

310.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted, or photographed upon the approval from the Officer in Charge, giving due consideration to the following:

(a) The gravity of the offense

(b) The past record of the offender

(c) The age of the offender

310.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the Chief of Police to ensure that personnel of those bureaus act within legal guidelines.

310.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Chief of Police shall coordinate the procedures related to the custody of juveniles held at the Napa Valley College Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

310.17 RELIGIOUS ACCOMMODATION

Juveniles have the right to the same religious accommodation as adults in temporary custody.

310.18 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

Senior and Disability Victimization

311.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Napa Valley College Police Department members as required by law (Penal Code § 368.6).

The Napa Valley College Police Department is committed to providing equal protection and demonstrating respect for all persons regardless of age or disabilities, and to conscientiously enforcing all criminal laws protecting elders, and adults and children with disabilities, regardless of whether these crimes also carry civil penalties (Penal Code § 368.6) (see Child Abuse Policy for child abuse investigations and reporting).

311.1.1 DEFINITIONS

Definitions related to this policy include:

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Penal Code § 368; Welfare and Institutions Code § 15610.23).

Elder and dependent adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

(a) Elder and dependent adult abuse

(b) Unlawful interference with a mandated report

(c) Homicide of an elder, dependent adult, or other adult or child with a disability

311.2 POLICY

The Napa Valley College Police Department will investigate all reported incidents of alleged elder and dependent adult abuse and ensure proper reporting and notification as required by law.

311.2.1 ARREST POLICY

It is the department policy to make arrests or to seek arrest warrants for elder and dependent adult abuse in accordance with Penal Code § 836 and, in the case of domestic violence, as allowed by Penal Code § 13701 (Penal Code § 368.6) (see Law Enforcement Authority and Domestic Violence policies for additional guidance).

311.2.2 ADHERENCE TO POLICY

All officers are required to be familiar with the policy and carry out the policy at all times, except in the case of an unusual compelling circumstance as determined and approved by a supervisor (Penal Code § 368.6).

Any supervisor who determines and approves an officer's deviation from this policy shall provide a written report to the Chief of Police that states the unusual compelling circumstances regarding the deviation. A copy of this report will be made available to the alleged victim and reporting party pursuant to department protocols (Penal Code § 368.6(c)(27)).

The Chief of Police shall retain the report for a minimum of five years and shall make it available to the state protection and advocacy agency upon request (Penal Code § 368.6(c)(27)).

311.3 INVESTIGATIONS AND REPORTING

All reported or suspected cases of elder and dependent adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated (Penal Code § 368.6).

Investigations and reports related to suspected cases of elder and dependent adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected elder and dependent adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.

(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

(j) Witness and suspect statements if available.

(k) Review of all portable audio/video recorders, devices, and other available video.

(l) Call history related to the elder or dependent adult including calls from mandated reporters or other individuals.

(m) Whether the abuse is related to a disability-bias hate crime and related bias motivations (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).

(n) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the elder or dependent adult abuse (Welfare and Institutions Code § 15640(f)).

(o) Whether a death involved the End of Life Option Act:

1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14).
2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17).
3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17).
4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential elder or dependent adult abuse and investigated similarly.

An unexplained or suspicious death of an elder, dependent adult, or other adult or child with a disability should be treated as a potential homicide until a complete investigation including an

autopsy is completed, and it should not be assumed that the death of an elder or person with a disability is natural simply because of the age or disability of the deceased (Penal Code § 368.6(c)(18)).

311.3.1 ADDITIONAL INVESTIGATIVE CONSIDERATIONS

The following factors as provided in Penal Code § 368.6 should be considered when investigating incidents of elder and dependent adult abuse:

(a) Elder and dependent adult abuse, sex crimes, child abuse, domestic violence, and any other criminal act, when committed in whole or in part because of the victim's actual or perceived disability, including disability caused by advanced age, is also a hate crime (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).

(b) Senior and disability victimization crimes are also domestic violence subject to the mandatory arrest requirements of Penal Code § 836 if they meet the elements described in Penal Code § 273.5, including but not limited to a violation by a caretaker or other person who is or was a cohabitant of the victim, regardless of whether the cohabitant is or was a relative of, or in an intimate personal relationship with, the victim (Penal Code § 368.6(c)(10)).

(c) Many victims of sexual assault and other sex crimes delay disclosing the crimes for reasons including but not limited to shame, embarrassment, self-doubt, fear of being disbelieved, and fear of retaliation by the perpetrator or others (Penal Code § 368.6(c)(11)).

(d) Victims and witnesses with disabilities, including cognitive and communication disabilities, can be highly credible witnesses when interviewed appropriately by trained officers or other trained persons (Penal Code § 368.6(c)(14)).

311.4 QUALIFIED INVESTIGATORS

The Department will request the assistance of qualified adult abuse investigators from the Napa County Sheriff's Office, if allegations appear to be founded.

311.5 MANDATORY NOTIFICATION

Members of the Napa Valley College Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency of known, suspected, or alleged instances of abuse when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder or dependent adult, or are told by an elder or dependent adult that the person has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone or through a confidential internet reporting tool as soon as practicable. (a) If the abuse occurred in a long-term care facility (not a state mental health hospital or a state developmental center), notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):

1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
2. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by a written report to the local ombudsman within 24 hours.

(g) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).

1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

(h) If during an investigation it is determined that the elder or dependent adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).

(i) When the Department receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Chief of Police is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

Failure to report or impeding or inhibiting a report of abuse of an elder or dependent adult is a misdemeanor (Welfare and Institutions Code §15630(h)).

311.5.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

(a) The name of the person making the report.

(b) The name and age of the elder or dependent adult.

(c) The present location of the elder or dependent adult.

(d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.

(e) The nature and extent of the condition of the elder or dependent adult.

(f) The date of incident.

(g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

311.6 PROTECTIVE CUSTODY

Before taking an elder or dependent adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an elder or dependent adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an elder or dependent adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an elder or dependent adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When elder or dependent adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

311.6.1 EMERGENCY PROTECTIVE ORDERS
In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

311.6.2 VERIFICATION OF PROTECTIVE ORDER
Whenever an officer verifies that a relevant protective order has been issued, the officer shall make reasonable efforts to determine if the order prohibits the person from possession of firearms or requires the relinquishment of firearms, and if the order does so, the officer shall make reasonable efforts to (Penal Code § 368.6(c)(19)):

(a) Inquire whether the restrained person possesses firearms. The officer should make this effort by asking the restrained person and the protected person.

(b) Query the California Law Enforcement Telecommunications System to determine if any firearms are registered to the restrained person.

(c) Receive or seize prohibited firearms located in plain view or pursuant to a consensual or other lawful search in compliance with Penal Code § 18250 et seq. and in accordance with department procedures.

311.7 INTERVIEWS

311.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected elder or dependent adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

311.7.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the adult need to be addressed immediately.

Published with permission by Napa Valley College Police Department

2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

311.7.3 INTERVIEWS WITH A PERSON WITH DEAFNESS OR HEARING LOSS

An officer who is interviewing a victim or witness who reports or demonstrates deafness or hearing loss should secure the services of a qualified interpreter (as defined by Evidence Code § 754) prior to the start of the interview (Penal Code § 368.6) (see the Communications with Persons with Disabilities Policy for additional guidance).

311.8 MEDICAL EXAMINATIONS

When an elder or dependent adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

311.9 TRAINING

The Department should provide training on best practices in elder and dependent adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to elder and dependent adult abuse investigations.

(f) Availability of victim advocates or other support.

311.9.1 MANDATORY TRAINING

The Chief of Police shall ensure that appropriate personnel receive the required training, including:

    (b) Information on the history of elder and dependent adult abuse and crimes against individuals with disabilities (see the POST Senior and Disability Victimization Policy Guidelines).

The Chief of Police shall also ensure that appropriate training is provided on this policy to dispatchers, community services officers, front desk personnel, and other civilian personnel who interact with the public (Penal Code § 368.6 (c)(7)).

311.10 RECORDS BUREAU RESPONSIBILITIES

The Records Section is responsible for:

(a) Providing a copy of the elder or dependent adult abuse report to the APS, ombudsman, or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).

(b) Retaining the original elder or dependent adult abuse report with the initial case file.

311.11 JURISDICTION

The Napa Valley College Police Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request, if consistent with federal law, in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

Additional jurisdiction responsibilities for investigations of abuse involving various facilities and agencies may be found in Welfare and Institutions Code § 15650.

Discriminatory Harassment

312.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

312.2 POLICY

The Napa Valley College Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

312.3 DEFINITIONS

Definitions related to this policy include:

312.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

312.3.2 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

312.3.3 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

312.3.4 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Civil Rights Council guidelines.

(b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with District or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

312.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Director of Human Resources, or the President/Superintendent.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

312.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Director of Human Resources, the President/Superintendent, or the California Civil Rights Department for further information, direction, or clarification (Government Code § 12950).

312.4.2 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.

(a) Behavior of supervisors and managers should represent the values of the Department and professional standards.

(b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

312.5 INVESTIGATION OF COMPLAINTS

The investigation and resolution of any complaint of discriminatory harassment will use the processes outlined in Napa Valley College Board Policy/Administrative Regulations BP/AR 3430.

Child Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Napa Valley College Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

313.2 POLICY

The Napa Valley College Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS and the law enforcement agency with jurisdiction is notified as required by law.

313.3 MANDATORY NOTIFICATION

The child protection agency and law enforcement agency with jurisdiction shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or

(b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Notification of the District Attorney is not required for reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority. When the alleged abuse or neglect involves a child of a minor parent or a dependent adult, notification shall also be made to the attorney of the minor or the dependent adult within 36 hours (Penal Code 11166.1; Penal Code 11166.2).

Published with permission by Napa Valley College Police Department

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of the peace officer's employment as a peace officer.

313.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

313.4 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

313.4.1 INITIAL REPORTS OF ABUSE FROM A NONMANDATED REPORTER
Members who receive a report of child abuse or neglect shall request the following information from the reporter (Penal Code § 11167):

(a) Name and telephone number

(b) Information and the source of information that gives rise to the knowledge or reasonable suspicion of child abuse or neglect

If the reporter refuses to provide their name and telephone number, the member should make a reasonable effort to determine the basis for the refusal and inform them that their information will remain confidential.

313.5 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, and further has good cause to believe that any of the following conditions exist:

1. The child has an immediate need for medical care.
2. The child is in immediate danger of physical or sexual abuse.
3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left

unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:

1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
2. There is no lawful custodian available to take custody of the child.
3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

313.6 INTERVIEWS

313.6.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

313.7 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

313.7.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code § 841.5; Penal Code § 11167.5).

313.8 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

314.2 POLICY

The Napa Valley College Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Napa Valley College Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211). The Department will ensure that the law enforcement agency where the person lives is notified and will coordinate investigative and jurisdictional issues.

Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

314.5 INITIAL INVESTIGATION

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

(b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.

(c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).

(d) Broadcast a "Be on the Look-Out (BOLO) bulletin" if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).

(e) Ensure that entries are made into the appropriate missing person networks as follows:

Hate Crimes

317.1 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Napa Valley College Police Department may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6; Penal Code § 422.87).

317.1.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, discriminatory selection of victims, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's

motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression -Gender expression means a person's gender-related appearance and behavior, regardless of whether it is stereotypically associated with the person's assigned sex at birth.

Gender identity - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

(a) Disability

(b) Gender

(c) Nationality

(d) Race or ethnicity

(e) Religion

(f) Sexual orientation

(g) Association with a person or group with one or more of these actual or perceived characteristics:

"Association with a person or group with one or more of these actual or perceived characteristics" includes advocacy for, identification with, or being on the premises owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of the characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - "In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality means country of origin, immigration status, including citizenship, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Religious bias - In recognizing suspected religion-bias hate crimes, officers should consider whether there were targeted attacks on, or biased references to, symbols of importance to a particular religion or articles considered of spiritual significance in a particular religion (e.g., crosses, hijabs, Stars of David, turbans, head coverings, statues of the Buddha).

Sexual orientation - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim - Victim includes but is not limited to:

- Community center
- Educational facility

Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This department will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Department personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

317.3.2 RELEASE OF INFORMATION

The benefit of public disclosure of hate crime incidents includes:

(c) The ability to request information regarding the commission of the crimes from the victimized community.

Standards of Conduct

318.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Napa Valley College Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

318.2 POLICY

The continued employment or appointment of every member of the Napa Valley College Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

318.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

318.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

(a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.

(b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.

(c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.

(d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

318.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and California constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

318.5 CAUSES FOR DISCIPLINE

The following are illustrative of causes for disciplinary action. Report Preparation

321.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. Report writing is the subject of substantial formalized training and on-the-job training.

321.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who generate reports on computers are subject to all requirements of this policy.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

321.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

322.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Sergeants, Officer in Charges, and designated Public Information Officers (PIOs) may prepare and release information to the media in accordance with this policy and the applicable laws regarding confidentiality.

322.3 ACCESS

Authorized media representatives shall be provided access to scenes of disasters, criminal investigations, emergencies, and other law enforcement activities as required by law.

Access by the media is subject to the following conditions (Penal Code § 409.5(d)):

(a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public. Media representatives may not bring or facilitate the transport of an unauthorized person into a closed area unless it is for the safety of the person.

(b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

    1. Based upon available resources, reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the PIO or other designated spokesperson.

(c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved member (Government Code § 3303(e)).

(d) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

322.3.2 TEMPORARY FLIGHT RESTRICTIONS

All requests for a TFR should be routed through the Officer in Charge. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

322.4 POLICY
It is the policy of the Napa Valley College Police Department to protect the privacy rights of individuals, while releasing non-confidential information to the media regarding topics of public concern. Information that has the potential to negatively affect investigations will not be released.

322.5 PROVIDING ADVANCE INFORMATION
To protect the safety and rights of department members and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at a minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person, or is otherwise prohibited by law.

322.6 MEDIA REQUESTS
Any media request for information or access to a law enforcement incident shall be referred to the PIO, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, members shall consider the following:

(a) At no time shall any member of this department make any comment or release any official information to the media without prior approval from a supervisor or the PIO.

(b) In situations involving multiple agencies or government departments, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

(c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police. Under these circumstances the member should direct the media to the agency handling the incident.

322.7 CONFIDENTIAL OR RESTRICTED INFORMATION
It shall be the responsibility of the PIO to ensure that confidential or restricted information is not inappropriately released to the media (see the Records Maintenance and Release and Personnel

The identities of officers involved in shootings or other critical incidents may only be released to the media upon the consent of the involved officer or upon a formal request filed.

Any requests for copies of related reports or additional information not contained in the information log (see the Information Log section in this policy), including the identity of officers involved in shootings or other critical incidents, shall be referred to the PIO.

Requests should be reviewed and fulfilled by the Custodian of Records, or if unavailable, the Officer in Charge or the authorized designee. Such requests will be processed in accordance with the provisions of the Records Maintenance and Release Policy and public records laws.

322.8 RELEASE OF INFORMATION

The Department may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents, or requests for public assistance in solving crimes or identifying suspects. This information may also be released through the department website or other electronic data sources.

322.8.1 INFORMATION LOG

The Department will maintain a daily information log of significant law enforcement activities. Log entries shall only contain information that is deemed public information and not restricted or confidential by this policy or applicable law. Upon request, the log entries shall be made available to media representatives through the Officer in Charge.

The daily information log will generally include:

(a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation, or the information is confidential (e.g., juveniles or certain victims).

(b) The date, time, location, case number, name, birth date, and charges for each person arrested by this department, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation or the information is confidential (e.g., juveniles).

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Officer in Charge. No member shall be retaliated against for testifying in any matter.

323.3.2 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

323.3.3 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

Outside Agency Assistance

324.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

324.2 POLICY

It is the policy of the Napa Valley College Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

324.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Officer in Charge for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Officer in Charge may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

324.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Napa Valley College Police Department shall notify the Chief of Police or the Sergeant as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

324.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify Chief of Policeor the Sergeant. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

Registered Offender Information

325.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Napa Valley College Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

325.2 POLICY

It is the policy of the Napa Valley College Police Department to identify and monitor registered offenders attending classes or employed within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

325.3 REGISTRATION

The Chief of Police shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

325.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

325.4 MONITORING OF REGISTERED OFFENDERS

The Records Supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.

(b) Review of information on the California DOJ website for sex offenders.

(c) Contact with a registrant’s parole or probation officer.

Any discrepancies should be reported to the California DOJ.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

The Records Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Napa Valley College Police Department personnel, including timely updates regarding new or relocated registrants.

325.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Napa Valley College Police Department's website. Information on sex registrants placed on the Napa Valley College Police Department's website shall comply with the requirements of Penal Code § 290.46.

The Records Supervisor may release local registered offender information to residents only in accordance with applicable law and in compliance with a California Public Records Act request (Government Code § 7920.000 et seq.; Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1).

Death Investigation

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent, and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

327.2 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify Napa Dispatch to request investigative assistance through the Napa County Sheriff's Office as necessary. The Officer in Charge will make notification to the Chief of Police..

327.2.1 CORONER REQUEST

Government Code § 27491 and Health and Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner, and cause of certain deaths. The Coroner shall be called in any of the following cases:

(a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. This also includes all deaths outside hospitals and nursing care facilities.)

(b) Deaths where the deceased has not been attended by either a physician or a registered nurse who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746, in the 20 days prior to death

(c) Deaths where the physician is unable to state the cause of death. Unwillingness does not apply. This includes all sudden, unexpected, and unusual deaths, and fetal deaths when the underlying cause is unknown.

(d) Known or suspected homicide

(e) Known or suspected suicide (including suicide where the deceased has a history of being victimized by domestic violence)

(f) Deaths involving any criminal action or suspicion of a criminal act. This includes child and dependent adult negligence and abuse.

(g) Deaths related to or following known or suspected self-induced or criminal abortion

(h) Deaths associated with a known or alleged rape or crime against nature

(i) Deaths following an accident or injury (primary or contributory). This includes deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.

(j) Deaths from drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation, or aspiration

(l) Deaths from occupational diseases or occupational hazards

(m) Deaths from known or suspected contagious disease and constituting a public hazard

(n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room, or elsewhere

(o) Deaths that occur in prison or while under sentence. This includes all in-custody and police-involved deaths.

(p) All deaths of unidentified persons

(q) All deaths of state hospital patients

(r) Suspected Sudden Infant Death Syndrome (SIDS) deaths

(s) All deaths where the patient is comatose throughout the period of the physician's attendance. This includes patients that are admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the Coroner.

327.2.2 SEARCHING DEAD BODIES

(a) The Coroner or a designee is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card. If such a donor card is located, the Coroner or a designee shall be promptly notified (Government Code § 27491.3).

(b) The Coroner, with the permission of the Department, may take property, objects, or articles found on the deceased or in the immediate vicinity of the deceased that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death (Government Code § 27491.3).

(c) Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Coroner or a designee, the investigating officer should first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

(d) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report.

(e) Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

327.2.3 REPORTING
All incidents involving a death shall be documented on the appropriate form.

327.2.4 SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Napa County Sheriff's Office shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Napa County Sheriff's Office, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of their supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

327.2.5 EMPLOYMENT-RELATED DEATHS OR INJURIES
Any member of this agency who responds to a death, serious illness, or serious injury and determines that it has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).

327.2.6 DEATHS OF VICTIMS WITH AN IDENTIFIABLE HISTORY OF VICTIMIZED DOMESTIC VIOLENCE
Prior to making any findings as to the manner and cause of death of a deceased individual with an identifiable history of being victimized by domestic violence, investigating officers should consider factors identified in Penal Code § 679.07 (e.g., premature or untimely death, partner wanting to end relationship, scene gives appearance of death due to suicide or accident) and proceed with the investigation according to the code's requirements.

327.3 POLICY
It is the policy of the Napa Valley College Police Department to respond to, document, and investigate incidents where a person is deceased. Investigations involving the death of a person, including deaths from natural causes, accidents, workplace incidents, suicide, and homicide, shall be initiated, conducted, and properly documented.

327.4 UNIDENTIFIED DEAD BODY
If the identity of a dead body cannot be established, the handling officer will request from the Coroner a unique identifying number for the body. The number shall be included in any report.

327.5 DEATH NOTIFICATION
When reasonably practicable, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

Identity Theft

328.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

328.2 REPORTING

(a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

Private Persons Arrests

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

329.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

329.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;

(b) When the person arrested has committed a felony, although not in his or her presence;

(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

329.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

1. Take the individual into physical custody for booking
2. Release the individual pursuant to a Notice to Appear
3. Release the individual pursuant to Penal Code § 849

329.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

330.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

330.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Napa Valley College Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

330.2 POLICY

It is the policy of the Napa Valley College Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

330.3 LEP COORDINATION

Whenever practicable, the Chief of Police will assure the following:

(a) Coordinating and implementing all aspects of the Napa Valley College Police Department’s LEP services to LEP individuals.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(d) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(e) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.

330.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

330.5 TYPES OF LEP ASSISTANCE AVAILABLE

Napa Valley College Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

330.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

330.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

330.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other District departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

330.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Published with permission by Napa Valley College Police Department

(d) Knowledge of the ethical issues involved when acting as a language conduit.

330.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other District departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

330.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

330.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

and whether the individual elected to use services provided by the Department or some other identified source.

330.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Napa Valley College Police Department will take reasonable steps to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

330.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

330.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

330.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

330.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

330.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

330.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with faculty, staff, students and the community to provide equal access to such programs and services.

330.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including

how to access department-authorized telephonic and in-person interpreters and other available resources.

The Chief of Police shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Chief of Police shall maintain records of all LEP training provided.

334.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

334.2 POLICY

The Napa Valley College Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the District to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist District officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

334.3 OPERATIONAL GUIDELINES

Only district-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

The function of surveillance cameras is to assist in protecting the safety and property of the Napa Valley College. The Officer in Charge or trained Dispatch personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

334.3.2 INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

334.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

334.4.1 PROHIBITED ACTIVITY

The recordings should be stored and retained in accordance with the established records retention schedule and for a minimum of two weeks. If recordings are evidence in any claim filed or any pending litigation, they shall be preserved until pending litigation is resolved.

Any recordings needed as evidence in a criminal or civil proceeding shall be copied to a suitable medium and booked into evidence in accordance with current evidence procedures.

334.5.1 EVIDENTIARY INTEGRITY

Surveillance cameras used on campus are considered appropriate when it enhances:

- the protection of individuals, equipment, and facilities
- the monitoring of public areas

Surveillance camera use on campus is considered inappropriate when it entails:

- the installation of “dummy” cameras that do not operate on a regular basis

Staff may have access to surveillance camera views as determined by this policy and authorized by the Chief of Police.

334.8.2 PRINCIPLES REGARDING THE USE OF SURVEILLANCE CAMERAS

Child and Dependent Adult Safety

335.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

335.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Napa Valley College Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

335.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

335.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.

    1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.

    1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Officer in Charge of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

335.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

335.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

335.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

335.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car, or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

335.5 TRAINING

The Chief of Police is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Service Animals

336.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure that the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

336.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Civil Code § 54.1; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size, and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

336.2 POLICY

It is the policy of the Napa Valley College Police Department to provide equal access to services, programs, and activities of the Department to persons with service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law. This protection extends to a person authorized to train a service dog (Civil Code § 54.2).

336.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Napa Valley College Police Department affords to all members of the public (28 CFR 35.136).

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness, or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms, or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.

- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

336.4 INQUIRIES REGARDING SERVICE ANIMALS

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about their disabilities nor should members ask any individual to provide any license, certification, or identification card for the service animal.

336.5 CONTACT WITH SERVICE ANIMALS

Service animals are not pets. Department members should not interfere with a service animal by talking to, petting, or otherwise initiating contact.

336.6 REMOVAL OF SERVICE ANIMALS

If a service animal is not housebroken, exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a department supervisor may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136 (b); 28 CFR 35.139).

Each incident must be considered individually, and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse access to services, programs, and activities to an individual with a disability. Members are expected to provide all services, programs, and activities that are reasonably available to an individual with a disability, with or without a service animal.

336.7 COMPLAINTS

When handling calls of a complaint regarding a service animal, members should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Service Animals

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Off-Duty Law Enforcement Actions

337.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Napa Valley College Police Department with respect to taking law enforcement action while off-duty.

337.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

337.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer’s senses or judgment.

337.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.

(b) The inability to communicate with responding units.

(c) The lack of equipment, such as handcuffs, OC or baton.

Published with permission by Napa Valley College Police Department

(d) The lack of cover.

(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.

(f) Unfamiliarity with the surroundings.

(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

337.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Napa Valley College Police Department officer until acknowledged. Official identification should also be displayed.

337.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

337.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

337.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

337.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Chief of Police as soon as practicable. The Chief of Police shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Vehicle Pursuits

341.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects (Vehicle Code § 17004.7).

341.1.1 DEFINITIONS

Definitions related to this policy include:

Blocking - A preventive maneuver where emergency vehicles are strategically positioned to prevent a suspect from moving their vehicle, usually before a pursuit starts or at low speeds.

Boxing-in - A low-speed tactic designed to stop a fleeing vehicle by surrounding it with emergency vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed tactic designed to apply lateral pressure to the rear quarter panel of a fleeing vehicle, causing it to spin out, stall, and come to a stop (also known as a Precision Immobilization Technique).

Ramming - The deliberate act of impacting a fleeing vehicle with another vehicle to functionally damage or otherwise force the fleeing vehicle to stop.

Roadblock - A tactic designed to stop a fleeing vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the fleeing vehicle.

Tire deflation device - A device designed to be placed on the roadway and puncture the tires of a fleeing vehicle, sometimes referred to as spike strips.

Vehicle pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

341.2 POLICY

It is the policy of this department to balance the need to apprehend a fleeing suspect with the risks associated with vehicle pursuits.

341.3 INITIATING A PURSUIT

Officers who have received appropriate training are authorized to initiate a vehicle pursuit when the need to apprehend a fleeing suspect clearly outweighs the risks a vehicle pursuit poses for officers and the public.

When balancing the risk of a pursuit with the need to apprehend the suspect, officers shall consider:

(a) The seriousness of the known or reasonably suspected crime committed by the suspect and the threat to the safety of the public if the suspect remains at large.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) Whether the identity of the suspect is known with enough certainty to enable apprehension at a later time.

(c) The speed of the vehicles relative to the conditions of the area, such as the population density, amount of vehicular and pedestrian traffic (e.g., school zones), time of day, road conditions, environmental conditions (e.g., hills, curves, mountains), and weather conditions.

(d) The pursuing officer's driving capabilities, familiarity with the area, and quality of radio communications with the dispatcher/supervisor.

(e) The nature of the pursuing unit (e.g., marked vs. unmarked) and its speed and performance capabilities in relation to the fleeing vehicle (e.g., performance motorcycle).

(f) Whether there are other persons in or on the fleeing vehicle and their relationship to the situation (e.g., passengers, co-offenders, hostages).

(g) Whether the pursuing unit is carrying passengers other than on-duty policeofficers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist.

(h) The availability of other resources such as air support or vehicle locator/deactivation technology.

341.4 PURSUIT UNITS

Vehicle pursuits should be limited to three policedepartment emergency vehicles (two pursuit units and the supervisor vehicle). However, an officer or supervisor may request that additional units join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the number of suspects.

341.4.1 EMERGENCY EQUIPMENT

Vehicle pursuits shall only be conducted using authorized policedepartment vehicles that are equipped with emergency lighting and sirens as required by Vehicle Code § 21055. Each pursuit unit's emergency lights and sirens should remain activated throughout the unit's participation in the pursuit.

Officers operating vehicles not equipped with emergency lights and siren are prohibited from pursuing a fleeing vehicle or joining a pursuit. Officers in such vehicles may provide support to pursuing units when needed, but should operate the vehicle in compliance with all traffic laws and should discontinue such support immediately upon arrival of a sufficient number of authorized emergency vehicles or any air support.

341.4.2 MOTORCYCLES AND UNMARKED UNITS

When involved in a pursuit, policedepartment motorcycles and unmarked vehicles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

341.4.3 PRIMARY UNIT

The initial pursuing officer should be designated as the primary unit and will be responsible for the conduct of the pursuit unless that unit is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to themself or others.

As soon as practicable, the primary unit should notify Dispatch of the pursuit, request priority radio traffic, and provide appropriate information including:

(a) The location, direction of travel, and estimated speed of the pursuit.

(b) The description of the fleeing vehicle, including the license plate number, if known.

(c) The reason for the pursuit.

(d) A description of the fleeing vehicle's evasive driving behavior (e.g., rapid lane changes, no headlights, driving on the wrong side of the road).

(e) Known or suspected weapons, threat of force, violence, injuries, hostages, or other unusual hazards.

(f) The suspected number of occupants and their identities or descriptions.

(g) The weather, road, and traffic conditions.

(h) The need for any additional resources or equipment.

(i) The identities of other law enforcement agencies involved in the pursuit.

The primary unit is responsible for broadcasting the progress of the pursuit until a secondary or air unit joins the pursuit. Once an additional unit joins the pursuit, the primary unit should relinquish the responsibility of broadcasting the progress to the secondary or air unit unless circumstances reasonably indicate otherwise.

341.4.4 SECONDARY UNIT

The second officer in the pursuit should be designated as the secondary unit and is responsible for:

(a) Notifying Dispatch of their entry into the pursuit.

(b) Broadcasting the progress of the pursuit, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.

(c) Identifying the need for and requesting additional resources or equipment as appropriate.

(d) Serving as backup to the primary unit once the fleeing vehicle has been stopped.

341.4.5 AIR UNITS

When available, air unit assistance should be requested. The air unit should assume responsibility of broadcasting the pursuit once they have established visual content with the fleeing vehicle. Ground units should maintain operational control and consider whether the continued close proximity and/or involvement in the pursuit is warranted.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit, and provide pursuing units with details of upcoming traffic congestion, road hazards, or other information pertinent to evaluating whether to continue the pursuit. If ground units are not within visual contact of the fleeing vehicle and the air unit determines that it is unsafe to continue the pursuit, the air unit should recommend termination.

341.5 PURSUIT DRIVING

The decision to use specific driving tactics requires consideration of the same factors as initiating a pursuit. In addition, officers involved in the pursuit should adhere to the following:

(a) Pursuing units should space themselves far enough from other involved vehicles to be able to see and avoid hazards and react safely to maneuvers by the fleeing vehicle.

(b) Pursuing units should exercise caution and slow down as necessary when proceeding through intersections.

(c) Pursuing units should not follow a fleeing vehicle driving against traffic (wrong way) and should instead:

1. Request assistance from available air support.
2. Maintain visual contact with the fleeing vehicle by paralleling it on the correct side of the roadway.
3. Request other units to observe exits available to the fleeing vehicle.

(d) Pursuing units should request that Dispatch notify the California Highway Patrol (CHP) and/or another law enforcement agency if it appears that the pursuit may enter its jurisdiction.

(e) Pursuing units should not attempt to pass other pursuit units unless the situation indicates otherwise or they are requested to do so. Passing another pursuit unit should only be attempted with a clear understanding of the maneuver.

341.5.1 RULES OF THE ROAD

The speed of a vehicle pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds should take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors should also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle, thus making its operation unsafe.

341.5.2 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers not directly involved in the pursuit should stay alert to its progress and location and may proceed safely to intersections ahead of the pursuit to warn cross traffic. When clearing

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

intersections along the pursuit path, officers are authorized to use emergency equipment and should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or a suspect intentionally trying to ram the policedepartment vehicle.

Other than clearing intersections along the pursuit path, uninvolved officers should avoid operating under emergency conditions (emergency lights and siren) and should remain in their assigned areas unless directed otherwise by a supervisor.

When needed, non-pursuing officers and officers who have dropped out of the pursuit should respond to the pursuit termination point in a non-emergency manner, observing the rules of the road. Officers should not parallel the pursuit route.

341.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

(a) Immediately notifying the involved units and the dispatcher of supervisory presence and ascertaining all reasonably available information in order to continuously assess the situation and risk factors associated with the pursuit.

(b) Exercising management and control of the pursuit and, when appropriate, engaging in the pursuit to provide on-scene supervision.

(c) Confirming that no more pursuing units than required are involved in the pursuit.

(d) Directing that the pursuit be terminated if, in the supervisor's judgment, continuing the pursuit is not justified under the guidelines of this policy.

(e) Assessing the emotional state of the officers involved and directing an officer to disengage from the pursuit if it appears they are unable to control their emotions.

(f) Requesting additional assistance from air support, canines, or other resources, if available and appropriate.

(g) Verifying that the proper radio channel is being used.

(h) Confirming the Officer in Charge has been notified of the pursuit.

(i) Overseeing the notification and/or coordination of outside agencies if the pursuit leaves or is likely to leave the jurisdiction of this department.

(j) Continuing the management and control of Napa Valley College Police Department units when a pursuit enters another jurisdiction.

(k) Preparing documentation of the pursuit and conducting a post-pursuit review, as required.

341.6.1 OFFICER IN CHARGE RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Officer in Charge should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

requirements of this policy. The Officer in Charge has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

341.7 DISPATCH

Radio communications during a pursuit should be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

341.7.1 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.

(b) Coordinating pursuit communications of the involved units and personnel.

(c) Broadcasting pursuit updates as well as other pertinent information as necessary.

(d) Ensuring that a field supervisor is notified of the pursuit.

(e) Notifying and coordinating with other involved or affected agencies as practicable.

(f) Notifying the Officer in Charge as soon as practicable.

(g) Assigning an incident number and logging all pursuit activities.

341.8 INTERJURISDICTIONAL CONSIDERATIONS

Unless entry into another jurisdiction is expected to be brief, the primary unit or supervisor should ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

341.8.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

When a pursuit enters another agency's jurisdiction, the primary unit or the supervisor should determine whether to request the other agency assume the pursuit, taking into consideration the distance traveled, familiarity with the area, and other pertinent facts.

Once another agency has agreed to assume the pursuit, pursuing units should relinquish control and discontinue participation unless the continued assistance of the Napa Valley College Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may, with supervisory approval, proceed to the termination point in order to provide information and assistance for the arrest of the suspect and reporting of the incident. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for department reports.

341.8.2 PURSUITS EXTENDING INTO THIS JURISDICTION

Officers from this department should not join a pursuit being conducted by another agency unless specifically requested to do so by that agency and with approval from a supervisor.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Napa Valley College Police Department, the Officer in Charge or supervisor should review the request as soon as practicable, taking into consideration:

(a) Whether the need to apprehend the fleeing suspect outweighs the risks of the pursuit to officers and the public.

(b) Whether there is adequate staffing to continue the pursuit.

(c) The available units' capabilities to maintain the pursuit.

(d) The number of available units and other resources of the pursuing agency.

Assistance to a pursuing agency by officers of this department should terminate at the District limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department should continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to the pursuing agency such as scene control, inter-agency coordination, completion of supplemental reports, and any other reasonable assistance requested or needed.

341.9 PURSUIT INTERVENTION

Pursuit interventions should only be used when it reasonably appears that using the intervention will contain or prevent the pursuit, and the need to immediately stop the fleeing vehicle outweighs the risks of injury or death to officers and others.

Pursuit interventions may be construed as a use of force, including deadly force, and are subject to the policies guiding such use. Officers should consider the guidelines for the use of force when deciding how, when, where, and if a pursuit intervention should be employed. Refer to the Use of Force Policy for additional guidance.

Whenever practicable, an officer should seek approval from a supervisor before employing any pursuit intervention to stop a fleeing vehicle. Officers should not attempt a pursuit intervention unless they have received the appropriate training for the intervention being used.

341.9.1 TIRE DEFLATION DEVICE

Before deploying a tire deflation device, officers should consider factors such as:

(a) Speed of the fleeing vehicle - Traveling at high speeds increases the risk the suspect will lose control of the vehicle after driving over or swerving to avoid a tire deflation device.

(b) Weather and visibility - Tire deflation devices should only be deployed when the location, weather, and other conditions allow the deploying officer to clearly see the fleeing vehicle, pursuit units, and other approaching traffic.

(c) Cover - Deployment should occur in a location that provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicles.

Published with permission by Napa Valley College Police Department

(d) Road conditions - Soft or loose material such as dirt or gravel may prevent a tire deflation device from puncturing the vehicle's tire. Deploying the device on loose pavement or icy or wet roads increases the risk of the suspect losing control of the vehicle.

(e) Characteristics of the deployment area - A tire deflation device should not be deployed in areas that are heavily populated with pedestrians, at times of heavy traffic, or at a location where there is a heightened chance of striking a fixed object.

(f) Characteristics of the fleeing vehicle - Except in extraordinary circumstances, a tire deflation device should not be used when the fleeing vehicle is a motorcycle or other vehicle with fewer than four wheels, an ATV, a vehicle transporting hazardous materials, or a school bus transporting children.

Because of the risks to deploying officers, the intent to deploy a tire deflation device and its location should be clearly communicated to the dispatcher and all involved units.

341.9.2 PIT

A PIT should only be attempted in a vehicle with a reinforced bumper.

Before conducting a PIT, officers should consider factors such as:

(a) Speed of the fleeing vehicle - Conducting a PIT while traveling at high speeds increases the risk of the suspect or officer losing control of their vehicle. A PIT should not be conducted at speeds greater than the speed at which the officer has received training.

(b) Road conditions - Because the intention of a PIT is to cause the fleeing vehicle to spin out by reducing the friction between the tires and the roadway, the material of the roadway (e.g., pavement, gravel, dirt) should be considered and a PIT should not be attempted when road conditions are wet or icy.

(c) Characteristics of the deployment area - A PIT should not be attempted in areas that are heavily populated with pedestrians, at times of heavy traffic, or at a location where there is a heightened chance of striking a fixed object.

(d) Characteristics of the fleeing vehicle - A PIT should not be used when the pursued vehicle is a motorcycle or other vehicle with fewer than four wheels, an ATV, a vehicle transporting hazardous materials, or a school bus transporting children. The increased risk of rolling over should be evaluated on vehicles with a high center of gravity.

(e) Number of pursuit units - A PIT should not be used unless there is a sufficient number of pursuit units available to prevent further movement of the fleeing vehicle after spinning out.

341.9.3 BOXING-IN OR BLOCKING

Boxing-in or blocking should only be used when the suspect's vehicle is stopped or traveling at a low speed.

Boxing-in requires the participation of multiple units and therefore must be carefully coordinated with all involved.

341.9.4 RAMMING AND ROADBLOCKS

Ramming and roadblocks shall only be used when deadly force is warranted and all other reasonable alternatives have been exhausted or reasonably appear ineffective.

341.9.5 FIREARMS

Specific guidance on the use of a firearm during a vehicle pursuit is addressed in the Use of Force Policy.

341.10 TERMINATING A PURSUIT

The factors considered when initiating a pursuit should be continually reevaluated by pursuing units during the pursuit, as the circumstances and conditions change, and as new information becomes available. If at any time the risk of continuing the pursuit outweighs the need to immediately apprehend the suspect, the pursuit should be terminated.

In addition, a pursuit should be terminated when:

(a) A supervisor directs the pursuit to be terminated.

(b) The location of the fleeing vehicle is no longer known.

(c) The distance between the pursuing units and the fleeing vehicle is so great that further pursuit would be futile or would continue for an unreasonable time and/or distance.

(d) The pursuing unit sustains damage or a mechanical failure that makes it unsafe to drive or renders the emergency lighting and sirens partially or completely inoperable and there are no additional units readily available to take over the pursuit.

When a pursuit terminates for any reason, all pursuit units should verbally acknowledge termination, turn off emergency lights and sirens, reduce their speed, and obey all traffic laws. The primary unit should communicate the location of pursuit termination to the dispatcher.

341.10.1 LOSS OF PURSUED VEHICLE

When a pursuit is terminated because the location of the fleeing vehicle is no longer known, the primary unit should broadcast pertinent information for other units to assist in locating the suspect. The primary unit or supervisor will be responsible for coordinating any further search for the pursued vehicle.

341.10.2 APPREHENSION OF SUSPECTS

Officers should exercise proper self-discipline and sound professional judgment at the conclusion of a pursuit and while apprehending the suspect.

Unless otherwise directed by a supervisor, an officer other than the primary unit should coordinate efforts to apprehend the suspect following the pursuit.

Any use of force necessary to apprehend the suspect shall be consistent with the Use of Force Policy.

341.11 DEBRIEFING

Participating officers should return to the Department as soon as practical following a pursuit to debrief with a supervisor.

341.12 REPORTING REQUIREMENTS

Appropriate reports should be completed as required by applicable laws, policies, and procedures.

(a) Pursuing officers should complete appropriate crime/arrest and pursuit reports.

(b) The involved supervisor, or if unavailable, the on-duty field supervisor, shall obtain available information and promptly complete appropriate written notification to the Chief of Police or the authorized designee. The notification should briefly summarize the pursuit and include, at a minimum:

1. Date and time of the pursuit.
2. Reason and circumstances surrounding the pursuit (e.g., seriousness of the crime, road and traffic conditions, speed and driving behavior of the fleeing vehicle) that warranted initiation and continuation of the pursuit.
3. Length of pursuit in distance and time, including the starting and termination points.
4. Involved vehicles and officers.
5. Alleged offenses.
6. Whether a suspect was apprehended, as well as the means and methods used.
7. Arrestee information, if applicable.
8. Any injuries and/or medical treatment.
9. Any property or equipment damage.
10. Name of supervisor at the scene or who handled the incident.

After receiving copies of the written notification, reports, and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign a post-pursuit review, as appropriate.

The Chief of Police should direct an annual documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance, and training or equipment needs. The review should not contain the names of officers, suspects, or case numbers.

341.12.1 STATE-SPECIFIC REPORTING REQUIREMENTS

The Officer in Charge shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Officer in Charge for review and distribution.

341.13 PURSUIT TRAINING

The Chief of Police should ensure that members of this department receive initial and annual training on this policy and vehicle pursuits relevant to their role (e.g., officers, supervisors, air units, dispatchers).

Officer training should address decision-making involved in initiating, continuing, and terminating a pursuit by balancing the need to apprehend the suspect with the risk of a pursuit. Subject to available resources, training on pursuit driving and the deployment of pursuit intervention tactics should include scenario-based training and behind-the-wheel practice, in addition to classroom instruction.

341.13.1 STATE-SPECIFIC TRAINING REQUIREMENTS

The Chief of Police shall make available to all officers initial and supplementary POST training on pursuits required by Penal Code § 13519.8, Vehicle Code § 17004.7(d), and 11 CCR 1081, and no less than annual training addressing:

(a) This policy.

(b) The importance of vehicle safety and protecting the public.

(c) The need to balance the known offense and the need for immediate capture against the risks to officers and others.

341.14 POLICY ACKNOWLEDGEMENT

Officers of this department shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

341.15 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

A modification includes any change or exception to a policy, practice, or procedure that allows a person with a disability to have equal access to services, programs, and activities. It also includes the provision or use of assistive devices, auxiliary aids, and services.

Qualified interpreter - A person who is able to interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters, and intermediary interpreters.

342.2 POLICY

It is the policy of the Napa Valley College Police Department that persons with disabilities, including victims, witnesses, suspects, and arrestees, have equal access to services, programs, and activities of the Department.

The Department will not discriminate against or deny any individual access to services, programs, or activities based upon the presence or suspected presence of disabilities.

342.3 ADA COORDINATOR RESPONSIBILITIES

The responsibilities of the ADA coordinator include but are not limited to (28 CFR 35.130):

(a) Collaborating with the District ADA coordinator regarding the Napa Valley College Police Department's efforts to provide equal access to services, programs, and activities.

1. Maintaining department compliance with accessibility standards for department web content and mobile applications as required by 28 CFR 35 Subpart H (28 CFR 35.200).

(b) Collaborating with the District ADA coordinator to facilitate a process of periodic self-evaluation. The process should include:

1. Inspection of current department facilities to identify access issues.
2. Review of current department services, activities, and programs for access issues.
3. Assessment and update, if necessary, of current compliance measures.
4. Identification of recurring areas of complaint for which new methods of modification should be considered.
5. Review of the department's emergency programs, services, and activities as they apply to persons with disabilities.
6. Recommendation of a schedule to implement needed improvements.

(c) Acting as a liaison with local disability advocacy groups or other disability-focused groups regarding access to department services, programs, and activities.

(d) Developing procedures that will enable members to access assistive devices, auxiliary aids, and services, and making the procedures available as appropriate.

1. A list of qualified interpreter services with contact and availability information should be maintained and easily accessible to members.

(e) Developing procedures for the review and processing of requests for modifications that will help members provide persons with disabilities access to department services, programs, and activities, as appropriate.

(f) Establishing procedures for the booking process to assist members with managing commonly encountered disabilities such as sight or mobility impairments and intellectual or developmental disabilities.

(g) Providing notice to the public regarding the rights and protections afforded by the ADA. This may include posters, published notices, handbooks, manuals, and pamphlets describing department services, programs, and activities and the availability of assistive devices, auxiliary aids, and services, as well as modifications (28 CFR 35.106).

(h) Collaborating with other [city/county] departments during the planning process to provide that new construction and any alteration to an existing building or facility are undertaken in compliance with the ADA (28 CFR 35.151).

(i) Developing, implementing, and publishing appropriate procedures to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to services, programs, and activities. The complaint procedures should include an appeal process (28 CFR 35.107).

(j) Verifying that third parties providing department services, programs, or activities through contract, outsourcing, licensing, or other arrangement have established reasonable policies and procedures to prevent discrimination against and denial of access to persons with disabilities.

(k) Recommending amendments to this policy as needed.

342.4 REQUESTS

The goal of any modification should be to allow a person with a disability to participate in a service, program, or activity the same as a person who does not have a disability.

Upon receiving a request for a modification, members should make reasonable efforts to accommodate the request based on the preference of the person with the disability. Members should not ask about the nature and extent of a person's disability but should limit questions to elicit information necessary to determine the need for a modification and the appropriate type of modification.

If the requested modification or an alternative modification can reasonably be made at the time of the request, the member should make the modification. A member who is unable to accommodate a request or unsure about whether a request should be accommodated should contact a supervisor.

The supervisor should review and approve the request, if practicable and appropriate. Otherwise, the supervisor should document the requesting person's contact information and the modification being requested and forward the request to the ADA coordinator for processing as soon as reasonably practicable.

342.4.1 DENIAL OF A REQUEST

The following should be considered before denying a request for modification:

(a) Requests for modifications should be approved unless complying with the request would result in (28 CFR 35.150):

1. A substantial alteration of the service, program, or activity.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

2. An undue financial or administrative burden on the Department. All resources available for use in the funding and operation of the service, program, or activity at issue should be considered in this determination.
3. A threat to or the destruction of the historic significance of a historic property.
4. A direct threat to the health or safety of others (28 CFR 35.139).

(b) If any of these circumstances are present, the ADA coordinator should work with department members and the person requesting the modification to determine if an alternative modification is available.

(c) Where new construction or physical modification of an existing building or facility would be unfeasible or unduly burdensome, the ADA coordinator should work with department members to determine whether alternative modifications are available. Alternative methods that should be considered include (28 CFR 35.150):

1. Reassigning services, programs, or activities to accessible buildings or facilities.
2. Utilizing technology, equipment, rolling stock, or other conveyances.
3. Delivering the services, programs, or activities directly to a person with a disability by way of home visits or meeting the person at an accessible location.
4. Any other means or methods that would make services, programs, or activities readily accessible.

(d) If no alternative modification is appropriate, the ADA coordinator shall issue a written statement explaining why a modification of the service, program, or activity will not be made (28 CFR 35.150).

342.4.2 PERSONAL DEVICES AND ASSISTANCE

Although members should make every effort to comply with requests, the provision of personal devices or assistance (e.g., wheelchairs, eyeglasses, hearing aids, personal assistance in eating or using the restroom) to persons with disabilities is not required (28 CFR 35.135).

342.4.3 SURCHARGES

Surcharges shall not be imposed upon persons with disabilities to cover the costs of providing modifications (28 CFR 35.130(f)).

342.5 COMMUNICATIONS WITH PERSONS WITH DISABILITIES

Members should remain alert to the possibility of communication problems when engaging with persons with disabilities. When a member knows or suspects an individual requires assistance to effectively communicate, the member should identify the individual's choice of assistive devices, auxiliary aids, and services. The individual's preferred communication method should be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method may be effective include:

(a) The methods of communication usually used by the individual.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) The nature, length, and complexity of the communication involved.

(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever modification reasonably appears effective under the circumstances. This may include exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter. Once the emergency has ended, the method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

342.5.1 TYPES OF ASSISTANCE AVAILABLE

Department members shall not refuse an available type of assistive device, auxiliary aid, or service to a person with a disability who is requesting assistance. The Department will not require persons with disabilities to furnish their own assistive device, auxiliary aid, or service as a condition for receiving access to department services, programs, and activities. The Department will make every reasonable effort to provide equal access and timely assistance to persons with disabilities through a variety of assistive devices, auxiliary aids, and services (28 CFR 35.160).

The Department will not require that persons with disabilities use department-provided assistive devices, auxiliary aids, and services. Department-provided assistive devices, auxiliary aids, and services may include but are not limited to the means described in this policy.

342.5.2 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment. If such a recording is not available, members may read aloud from the appropriate form or provide forms with enlarged print.

342.5.3 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect, or arrestee) with individuals who normally rely on sign language or speechreading (i.e., lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the matter. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a legal proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time.

(b) Experienced in providing interpretation services related to law enforcement matters in the person's primary language.

(c) Familiar with the use of text- and video-based communications products and systems.

(d) Certified in either American Sign Language (ASL) or Signing Exact English (SEE).

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity or when it is reasonably apparent that an interpreter is needed. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Persons with disabilities shall not be required to provide an interpreter (28 CFR 35.160).

342.5.4 TELECOMMUNICATION SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., during booking or attorney contacts), members must also provide those with communication-related disabilities the opportunity to place calls using an available TTY, TDD, or other voice, text, or video-based communications product or system. Members shall provide additional time, as needed, for effective communication due to the slower nature of assisted communications.

The Department will accept all TDD and computer modem calls placed by individuals with communications-related disabilities and received via a telecommunications relay service (28 CFR 35.162).

342.5.5 COMMUNITY VOLUNTEERS

Where qualified interpreters are unavailable to assist members, department-approved community volunteers who have demonstrated competence in communication services, such as ASL or SEE, may be called upon to provide interpreter services when appropriate. However, department members must carefully consider the nature of the interaction and the relationship between the individual with the disability and the volunteer to be reasonably satisfied that the volunteer can provide neutral and unbiased assistance.

342.5.6 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the interaction and relationship between the individual with the disability and the person offering services must be carefully considered to determine whether the family member or friend can provide neutral and unbiased assistance.

Except in an emergency involving an imminent threat to the safety or welfare of any person and no qualified interpreter is reasonably available, members shall not use a minor child as an interpreter (28 CFR 35.160).

342.5.7 FIELD ENFORCEMENT CONSIDERATIONS

Due to the unpredictable and varied nature of field enforcement, the Department recognizes that it is impracticable to provide immediate access to a comprehensive supply of assistive devices, auxiliary aids, and services to every member of this department. Members involved in interactions with persons with disabilities that occur in the field should assess each situation to

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

determine if communication assistance is necessary. The length, complexity, and importance of the communication, as well as the individual's preferred method of communication, should be considered when determining what, if any, resources should be used and whether a qualified interpreter or other service is needed.

342.5.8 WITNESS OR VICTIM INTERVIEWS

Members who interview a witness or victim who demonstrates or states they are deaf or have a hearing loss shall make a good faith effort to secure the services of an interpreter without any unnecessary delay, unless the individual affirmatively indicates they do not need or cannot use an interpreter (Evidence Code § 754).

342.6 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals with disabilities are protected during a custodial interrogation, this department will provide reasonable modifications before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that the individual understands the process and desires to proceed without receiving a modification. *Miranda* warnings should be provided to a suspect via the individual's preferred method of communication.

Interrogations should be recorded whenever reasonably practicable. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

342.7 ARREST

If an individual with a communication-related disability is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter as soon as reasonably practicable, unless the individual indicates a preference for a different assistive device, auxiliary aid, or service, or the officer reasonably determines another effective method of communication exists under the circumstances.

Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

342.8 WEBSITE ACCESS

The ADA coordinator should work with the appropriate parties to develop online content that is readily accessible to persons with disabilities. Department web content should be developed in conformance with the most current guidelines issued by the U.S. Department of Justice and federal regulations (28 CFR 35 Subpart H; 28 CFR 35.200).

Department website content should also be made available to persons with disabilities in an alternative format upon request, if reasonably practicable.

342.9 DOCUMENTATION

Whenever any modification has been provided, the member involved should document:

(a) The type of modification, assistive device, auxiliary aid, or service provided.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) Whether the individual elected to use an assistive device, auxiliary aid, or service provided by the Department or another identified source, as applicable.

(c) Whether the individual's express preference for the modification was not honored and the reason why an alternative method was used.

The documentation and any written communications exchanged should be maintained consistent with the Records Maintenance and Release Policy.

All written communications exchanged in a criminal case shall be attached to the member's report or placed into evidence.

342.10 COMPLAINTS

A member who receives a complaint or becomes aware of potential disability discrimination, an ADA violation, or a person's inability to access the department's programs, services, or activities should document the complaint and promptly refer the matter to the ADA coordinator (28 CFR 35.107). The Department shall assist persons with disabilities who require assistance to file a complaint regarding members of this department. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate.

342.11 TRAINING

Members should receive periodic training on ADA compliance, to include:

(a) Awareness and understanding of this policy, related procedures, forms, and available resources.

(b) Procedures for handling requests for modifications.

(c) Accessing assistive devices, auxiliary aids, and services needed to accommodate requests for modifications.

(d) General requirements of the ADA, including modifying policies and practices, communicating with individuals with disabilities, and identifying alternate ways to provide access to programs, services, and activities as appropriate to the member's job duties.

Management staff, even if they do not interact regularly with individuals with disabilities, should receive training as appropriate to understand and reinforce this policy.

The Chief of Police should maintain records of all training provided and retain a copy in each member's training file in accordance with the established records retention schedule.

342.11.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of department assistive devices, auxiliary aids, and services for communicating with individuals with communication-related disabilities. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

(b) ASL syntax and accepted abbreviations.

(c) Practical instruction on identifying and processing calls using TTY, TDD, or other voice, text, and video-based communications products and systems.

(d) Hands-on experience in using TTY, TDD, or other voice, text, and video-based communications products and systems.

Training should be provided for all Dispatch members who may have contact with individuals from the public who have communication-related disabilities. Refresher training should be provided as appropriate.

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.2 POLICY

The Napa Valley College Police Department provides patrol services Monday through Friday 5:30 am to 11:00 pm, Saturday, Sunday and District Holidays 7:00 am to 7:30 pm, and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.3 FUNCTION

Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of Napa Valley Community College District. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

(a) Responding to emergency calls for service.

(b) Apprehending criminal offenders.

(c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.

(d) Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.

(e) Responding to reports of criminal and non-criminal acts.

(f) Responding to routine calls for service, such as public assistance or public safety.

(g) Carrying out crime prevention activities such as residential inspections, business inspections and community presentations.

(h) Carrying out community oriented policing and problem-solving activities including the application of resources to improve or resolve specific problems or situations and contacting or assisting members of the public in a positive way.

(i) Directing and controlling traffic.

400.4 INFORMATION SHARING

To the extent feasible, all information relevant to the mission of the Department should be shared among all officers and staff.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and divisions each other, as permitted by law.

400.5 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. The Chief of Police or Sergeant should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), as well as District policies, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Napa Valley College Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing or improper profiling - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin (including limited English proficiency), religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4). 403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

Hazardous Material Response

405.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities. To comply with 8 CCR § 5194, the following is to be the policy of this department.

405.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material – A substance which, by its nature, containment, or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

405.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest, or statements from the person transporting).

(b) Notify the fire department.

(c) Provide first-aid for injured parties if it can be done safely and without contamination.

(d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.

(e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).

(f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety Code § 79355).

Department members who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Hostage and Barricade Incidents

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

(a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

(b) Unlawfully held against his/her will under threat or actual use of force.

406.2 POLICY

It is the policy of the Napa Valley College Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

406.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

406.3.1 EMERGENCY COMMUNICATIONS

Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,

Published with permission by Napa Valley College Police Department

or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

(a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),

(b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and

(c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).

(d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.

(e) The contents of any oral communications overheard are recorded on tape or other comparable device.

406.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

406.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(h) Evacuate students, staff and bystanders within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

406.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(k) Evacuate students, staff and bystanders within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

406.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a tactical tem response if appropriate and apprising the Team Commanderofthecircumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

Response to Bomb Calls

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Napa Valley College Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

407.2 POLICY

It is the policy of the Napa Valley College Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

407.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Officer in Charge is immediately advised and informed of the details. This will enable the Officer in Charge to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

407.4 DISTRICT FACILITY OR PROPERTY

If the bomb threat is against the Napa Valley College Police Department facility, the Officer in Charge will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

When a member of this department receives notification of a bomb threat to the Napa Valley Community College District, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.

(b) The nature of the threat.

(c) Whether the type and detonation time of the device is known.

(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.

(e) Whether the individual is requesting police assistance at the facility.

(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:

2. Search for a device without evacuation of personnel.
3. Evacuation of personnel without a search for a device.
4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Officer in Charge is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

407.5 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.

(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.

(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:

1. Two-way radios
2. Cell phones
3. Other personal communication devices

(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.

(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.

(f) A safe access route should be provided for support personnel and equipment.

(g) Search the area for secondary devices as appropriate and based upon available resources.

(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.

407.6 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

407.6.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.

(b) Request additional personnel and resources, as appropriate.

(c) Assist with first aid.

(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.

(e) Assist with the safe evacuation of victims, if possible.

(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.

(g) Preserve evidence.

(h) Establish an outer perimeter and evacuate if necessary.

Crisis Intervention Incidents

408.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

408.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

408.2 POLICY

The Napa Valley College Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

408.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness

(b) Threats of or attempted suicide

(c) Loss of memory

(d) Incoherence, disorientation or slow response

(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas

(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt

(g) Social withdrawal

(h) Manic or impulsive behavior, extreme agitation, lack of control

(i) Lack of fear

(j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

408.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police may collaborate with mental health professionals to develop an education and response protocols, as well as a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

408.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

    1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

(e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Notify a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.

(k) If circumstances reasonably permit, consider and employ alternatives to force.

408.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person, unless the officer feels it is warranted.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

408.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.

(b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police contact.

(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

408.8 SUPERVISOR RESPONSIBILITIES

If available, a supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.

Published with permission by Napa Valley College Police Department

(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).

(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

408.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

408.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

408.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.

(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.

(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

408.11 EVALUATION

As necessary, a review of a specific incident will be conducted.

408.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

Mental Illness Commitments

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

409.2 POLICY

It is the policy of the Napa Valley College Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

409.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person

(b) A family member

(c) The person subject to the determination or anyone designated by the person

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a 5150 commitment, the officer may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.

(b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the person changes their mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.

(b) Community or neighborhood mediation services.

(c) Conflict resolution and de-escalation techniques.

(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

409.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual’s personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person’s property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

409.5 TRANSPORTATION

Transport for any individual for a 5150 commitment shall be conducted in accordance with the Transporting Persons in Custody Policy.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy.

409.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION

The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.7.1 ADVISEMENT

The officer taking a person into custody for evaluation shall advise the person of:

(a) The officer's name and agency.

(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.

(c) The name of the facility to which the person is being taken.

(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

409.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.

(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.

(c) Facilitate the individual's transfer to jail.

(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

In the officer's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The officer should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

409.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

409.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the College Counsel, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

409.10 TRAINING

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

Cite and Release Policy

410.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

410.2 POLICY

It is the policy of the Napa Valley College Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

410.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

410.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

410.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Officer in Charge or the authorized designee.

410.4 NON-RELEASE

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

410.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1))

(b) Felony domestic battery (Penal Code § 273.5)

(c) Serious or violent felonies (Penal Code § 1270.1(a)(1))

(d) Felony intimidation of witnesses and victims (Penal Code § 136.1)

(e) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)

(f) Stalking (Penal Code § 646.9)

(g) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

410.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Officer in Charge may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that they could be a danger to themselves or to others. Release may occur as soon as this condition no longer exists.

(b) The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety.

(c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.

(d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).

(e) The person could not provide satisfactory evidence of personal identification.

    1. If a person released on citation does not have satisfactory identification in their possession, a right thumbprint or fingerprint should be obtained on the citation form.

(f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:

1. Previous failure to appear is on record
2. The person lacks ties to the area, such as a residence, job, or family
3. Unusual circumstances lead the officer responsible for the release of arrested persons to conclude that the suspect should be held for further investigation

(j) A previous conviction, citation, or arrest for misdemeanor or felony retail theft from a store in the previous six months.

(k) There is probable cause to believe that the person arrested is guilty of committing organized retail theft.

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Officer in Charge for approval and included with the case file in the Records Section.

410.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Officer in Charge approval, unless any of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence.

(b) The misdemeanor cited in the warrant involves a firearm.

(c) The misdemeanor cited in the warrant involves resisting arrest.

(d) The misdemeanor cited in the warrant involves giving false information to a peace officer.

(e) The person arrested is a danger to themselves or others due to intoxication or being under the influence of drugs or narcotics.

(f) The person requires medical examination or medical care or was otherwise unable to care for their own safety.

(g) The person has other ineligible charges pending against themselves.

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.

(i) The person refuses to sign the notice to appear.

(j) The person cannot provide satisfactory evidence of personal identification.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

410.6 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Napa Valley Community College District codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the appropriate agency for further action including diversion.

410.7 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if the officer feels the situation should be documented more thoroughly in a case report.

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.

(c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

411.4 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.

1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

1. Diplomatic-level staff of missions to international organizations and recognized family members

(e) The following persons may generally be detained and arrested:

1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
2. Support staff of missions to international organizations
3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
4. Honorary consular officers
5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.

411.5 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

412.2 POLICY

The Napa Valley College Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

412.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.

(f) Whether planned tactics can be effectively deployed.

Published with permission by Napa Valley College Police Department

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

412.3.1 RESPONSE TO SCHOOL THREATS

Upon receiving a threat or perceived threat from a school official that involves grades 6 to 12, officers shall immediately investigate and refer the case to the appropriate law enforcement agency.

For purposes of this subsection a "threat" or "perceived threat" means any writing or action of a pupil that creates a reasonable suspicion that the pupil is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the pupil. It may also include a warning by a parent, pupil, or other individual (Education Code § 49390).

412.4 CONSIDERATIONS

When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

412.5 PLANNING

The Chief of Police should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

412.6 TRAINING

The Chief of Police should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.

  (a) This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

The purpose of this policy is to provide guidelines to members of the Napa Valley College Police Department relating to immigration and interacting with federal immigration officials.

413.1.1 DEFINITIONS

The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

413.2 POLICY

It is the policy of the Napa Valley College Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

413.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

413.4 IMMIGRATION INQUIRIES PROHIBITED

Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

413.4.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)

Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

413.4.2 CALIFORNIA DEPARTMENT OF MOTOR VEHICLES

Members shall not obtain, access, use, or otherwise disclose noncriminal history information maintained by the DMV for immigration enforcement (Vehicle Code § 1808.48).

413.5 DETENTIONS AND ARRESTS

An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

413.5.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

(b) Transfer the person to jail.

413.6 FEDERAL REQUESTS FOR ASSISTANCE

(a) Sending information to, or requesting or receiving such information from federal immigration officials

(b) Maintaining such information in department records

(c) Exchanging such information with any other federal, state, or local government entity

The consent form must be available in the languages specified in Government Code § 7283.1.

(d) The individual is identified by the U.S. Department of Homeland Security's Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Obtaining Air Support

416.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

416.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

416.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Officer in Charge, or his/her designee, will call Napa County Dispatch for helicopter support. The Officer in Charge on duty will apprise that agency of the specific details of the incident prompting the request.

416.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements

(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard

(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community

(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard

(e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

417.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

417.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person’s freedom of movement.

417.2 POLICY

The Napa Valley College Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

417.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Napa Valley College Police Department to strengthen community involvement, community awareness, and problem identification.

417.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act

(b) Actions suggesting that he/she is engaged in a criminal activity

(c) Presence in an area at an inappropriate hour of the day or night

(d) Presence in a particular area is suspicious

(e) Carrying of suspicious objects or items

(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon

(g) Location in proximate time and place to an alleged crime

(h) Physical description or clothing worn that matches a suspect in a recent crime

(i) Prior criminal record or involvement in criminal activity as known by the officer

417.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.

(b) Where more than one suspect must be handled by a single officer.

(c) The hour of the day and the location or neighborhood where the stop takes place.

(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.

(e) The actions and demeanor of the suspect.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officershould be positioned to ensure safety and should not be involved in the search.

417.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

417.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent.

417.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

417.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Officer in Charge with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Officer in Charge should review and forward the photograph to one of the following locations:

(a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Officer in Charge will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part

of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

417.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

Officer in Charge

418.1 PURPOSE AND SCOPE

Each patrol shift must be directed by an Officer in Charge. In most instances the senior qualified officer shall be designated as acting Officer in Charge. This policy does not preclude designating a less senior officer as an acting Officer in Charge when operational needs require or training permits.

Mobile Digital Computer Use

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use, and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state, and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch. See the CJIS Access, Maintenance, and Security Policy for additional guidance.

419.2 POLICY

Napa Valley College Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

419.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

419.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use, Protected Information, and CJIS Access, Maintenance, and Security policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Officer in Charges.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks, or communications that are directly related to the business, administration, or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from their supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing, or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

419.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

419.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Officer in Charge or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.

(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher or department member in the call log.

(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

419.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

419.6 EQUIPMENT CONSIDERATIONS

419.6.1 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

420.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Napa Valley College Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

420.2 POLICY

The Napa Valley College Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

420.3 COORDINATOR

The Chief of Police or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

(a) Establishing a system for downloading, storing and security of recordings.

(b) Designating persons responsible for downloading recorded data.

(c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.

(d) Establishing a system for tagging and categorizing data according to the type of incident captured.

(e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.

(f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.

(g) Maintaining logs of access and deletions of recordings.

420.4 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

420.5 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in

Published with permission by Napa Valley College Police Department

good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, NVCPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

420.5.1 SUPERVISOR RESPONSIBILITIES

Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

420.6 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations

(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops

(c) Self-initiated activity in which a member would normally notify Dispatch

(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

420.6.1 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

420.6.2 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

420.6.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

420.7 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Officer in Charge. Any member who uses a personally owned recorder for

department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

420.8 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.

(b) A complainant, victim or witness has requested non-disclosure.

(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.

(d) Disclosure may be an unreasonable violation of someone's privacy.

(e) Medical or mental health information is contained.

(f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

420.8.1 RETENTION REQUIREMENTS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

420.9 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Chief of Police or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

420.10 RETENTION OF RECORDINGS

Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):

(a) Incidents involving use of force by an officer

(b) Officer-involved shootings

(c) Incidents that lead to the detention or arrest of an individual

(d) Recordings relevant to a formal or informal complaint against an officer or the Napa Valley College Police Department

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

420.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

Public Recording of Law Enforcement Activity

421.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

421.2 POLICY

The Napa Valley College Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

421.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:

1. Tampering with a witness or suspect.
2. Inciting others to violate the law.
3. Being so close to the activity as to present a clear safety hazard to the officers.
4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

421.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Published with permission by Napa Valley College Police Department

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

421.5 SUPERVISOR RESPONSIBILITIES

When a supervisor is available, he/she should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.

(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.

(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.

(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.

(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

421.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.

1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.

(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.

(c) The person consents.

1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Medical Marijuana

422.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

422.2 POLICY

Marijuana, medical and recreational, remain illegal to possess or use on College property. Therefore, it is the policy of the Napa Valley College Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Napa Valley College Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

422.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.

(b) Investigations when a medicinal claim is made by a cardholder.

(c) Investigations when a medicinal claim is made by a non-cardholder.

422.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

422.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.

(b) The card has been obtained or used by means of fraud.

(c) The person is otherwise in violation of the provisions of the MMP.

(d) The person possesses marijuana but not for personal medical purposes.

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

422.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

422.3.4 INVESTIGATIONS INVOLVING A STATE LICENSEE

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

422.3.5 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

(a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:

1. The amount of marijuana recommended by a medical professional to be ingested.
2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors.

(c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

(d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

422.3.6 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

(c) Smoking marijuana (Health and Safety Code § 11362.79):

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

1. In any place where smoking is prohibited by law.
2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
3. On a school bus.
4. While in a motor vehicle that is being operated.
5. While operating a boat.

(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

422.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

422.5 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Chief of Police is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Chief of Police should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Chief of Police may release marijuana to federal law enforcement authorities upon presentation of a valid court order.

Foot Pursuits

423.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

423.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

423.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.

(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.

(c) A canine search.

(d) Thermal imaging or other sensing technology.

(e) Air support.

(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

423.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory

(b) The officer is acting alone.

(c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.

(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.

(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer definitely known.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

(o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

423.5 RESPONSIBILITIES IN FOOT PURSUITS

423.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel

(b) Call sign identifier

(c) Reason for the foot pursuit, such as the crime classification

(d) Number of suspects and description, to include name if known

(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

423.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

423.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

423.5.4 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.

(b) Coordinating pursuit communications of the involved officers.

(c) Broadcasting pursuit updates as well as other pertinent information as necessary.

(d) Ensuring that a field supervisor is notified of the foot pursuit.

(e) Notifying and coordinating with other involved or affected agencies as practicable.

(f) Notifying the Officer in Charge as soon as practicable.

(g) Logging all pursuit activities on the radio log.

423.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

(a) Date and time of the foot pursuit.

(b) Initial reason and circumstances surrounding the foot pursuit.

(c) Course and approximate distance of the foot pursuit.

(d) Alleged offenses.

(e) Involved vehicles and officers.

(f) Whether a suspect was apprehended as well as the means and methods used.

1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.

(g) Arrestee information, if applicable.

(h) Any injuries and/or medical treatment.

Published with permission by Napa Valley College Police Department

(i) Any property or equipment damage.

(j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Automated License Plate Readers (ALPRs)

424.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

424.2 POLICY

The policy of the Napa Valley College Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

424.3 ADMINISTRATION

The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Napa Valley College Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates, parking enforcement and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Office of the Chief. The Office of the Chief will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

424.3.1 ALPR ADMINISTRATOR

The Office of the Chief shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.

(b) Training requirements for authorized users.

(c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.

(d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.

(e) The title and name of the current designee in overseeing the ALPR operation.

(f) Working with the Custodian of Records on the retention and destruction of ALPR data.

(g) Ensuring this policy and related procedures are conspicuously posted on the department's website.

424.4 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

(a) An ALPR shall only be used for official law enforcement business.

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.

(f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

424.5 DATA COLLECTION AND RETENTION

The Office of the Chief is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

424.6 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Napa Valley College Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

(c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

424.7 RELEASING ALPR DATA

The ALPR data may be shared only with public agencies and only as otherwise permitted by law (Civil Code § 1798.90.55).

For purposes of this section, a public agency is limited to California state or local agencies, including law enforcement agencies, and does not include out-of-state or federal law enforcement agencies (Civil Code § 1798.90.5).

Requests for ALPR data by non-California public agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

424.8 TRAINING

The Chief of Police should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

Homeless Persons

425.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Napa Valley College Police Department recognizes that members of the homeless community are often in need of special protection and services. The Napa Valley College Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

425.1.1 POLICY

It is the policy of the Napa Valley College Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

425.2 HOMELESS COMMUNITY LIAISON

The Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with social services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:

1. Proper posting of notices of trespass and clean-up operations.
2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

425.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

425.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.

(b) Document places the homeless person may frequent.

(c) Provide homeless victims with victim/witness resources when appropriate.

(d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.

(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Senior and Disability Victimization Policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

425.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

425.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

425.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

First Amendment Assemblies

426.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

426.2 POLICY

The Napa Valley College Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

426.3 GENERAL CONSIDERATIONS

Subject to Napa Valley College Board Policy 3900 - Speech: Time, Place, Manner, individuals or groups generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.

(b) Harass, confront or intimidate participants.

(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

426.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious, or social views of associations, or the activities of any individual, group, association, organization, corporation, business, or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

426.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

426.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

426.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

426.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.

(b) Staffing and resource allocation.

(c) Management of criminal investigations.

(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).

(e) Deployment of specialized resources.

(f) Event communications and interoperability in a multijurisdictional event.

(g) Liaison with demonstration leaders and external agencies.

(h) Liaison with District government and legal staff.

(i) Media relations.

(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.

(k) Traffic management plans.

(l) First aid and emergency medical service provider availability.

(m) Prisoner transport and detention.

(n) Review of policies regarding public assemblies and use of force in crowd control.

(o) Parameters for declaring an unlawful assembly.

(p) Arrest protocol, including management of mass arrests.

(q) Protocol for recording information flow and decisions.

(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.

(s) Protocol for handling complaints during the event.

(t) Parameters for the use of body-worn cameras and other portable recording devices.

426.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

426.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

426.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

426.8 ARRESTS

The Napa Valley College Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.

(b) Dedicated arrest, booking and report writing teams.

(c) Timely access to medical care.

(d) Timely access to legal resources.

(e) Timely processing of arrestees.

(f) Full accountability for arrestees and evidence.

(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

426.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

426.9.1 MEDIA ACCESS

If officers close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest, or rally where individuals are engaged in a protected activity pursuant to the First Amendment, officers shall comply with the requirements of Penal Code § 409.7 relating to media access (i.e., access to closed areas, obtaining information) (Penal Code § 409.7).

426.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

426.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan

(b) Any incident logs

(c) Any assignment logs

(d) Vehicle, fuel, equipment and supply records

(e) Incident, arrest, use of force, injury and property damage reports

(f) Photographs, audio/video recordings, Dispatch records/tapes

(g) Media accounts (print and broadcast media)

426.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with District legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event

(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)

(c) Problems identified

(d) Significant events

(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

426.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.

Officers should also receive periodic training on the standards for the use of kinetic energy projectiles and chemical agents for crowd control purposes as identified in Penal Code § 13652.

426.13 USE OF KINETIC ENERGY PROJECTILES AND CHEMICAL AGENTS FOR CROWD CONTROL

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by officers who have received POST training for crowd control if the use is objectively reasonable

to defend against a threat to life or serious bodily injury to any individual, including an officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control and in accordance with the following requirements of Penal Code § 13652.

(a) De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.

(b) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.

(c) Individuals are given an objectively reasonable opportunity to disperse and leave the scene.

(d) An objectively reasonable effort has been made to identify individuals engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of individuals.

(e) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.

(f) Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.

(g) An objectively reasonable effort has been made to extract individuals in distress.

(h) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.

(i) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.

(j) Kinetic energy projectiles or chemical agents shall not be used solely due to any of the following:

1. A violation of an imposed curfew.
2. A verbal threat.
3. Noncompliance with a law enforcement directive.

(k) If the chemical agent to be deployed is tear gas, only an Incident Commander at the scene of the assembly, protest, or demonstration may authorize its use.

426.13.1 USE SUMMARY

The Patrol Sergeant or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes is prepared and published on the department website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Department at the time of the report and include the information required in Penal Code § 13652.1.

426.14 ANTI-REPRODUCTIVE RIGHTS CALLS

Civil Disputes

427.1 PURPOSE AND SCOPE

This policy provides members of the Napa Valley College Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

427.2 POLICY

The Napa Valley College Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

427.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

427.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

Published with permission by Napa Valley College Police Department

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person's knowledge of the court order or whether proof of service exists.

(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

427.4.1 STANDBY REQUESTS

Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

427.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

Suspicious Activity Reporting

428.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

428.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

428.2 POLICY

The Napa Valley College Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

428.3 RESPONSIBILITIES

The Patrol Sergeant and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Patrol Sergeant include, but are not limited to:

(a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

(c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

(d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.

(e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.

(f) Coordinating investigative follow-up, if appropriate.

(g) Coordinating with any appropriate agency or fusion center.

(h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

428.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

428.5 HANDLING INFORMATION

The Chief of Police will forward copies of SARs, in a timely manner to authorized designees.

Medical Aid and Response

429.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

429.2 POLICY

It is the policy of the Napa Valley College Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

429.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.

(b) The nature of the incident.

(c) Any known scene hazards.

(d) Information on the person in need of EMS, such as:

1. Signs and symptoms as observed by the member.
2. Changes in apparent condition.
3. Number of patients, sex, and age, if known.
4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
5. Whether the person is showing signs or symptoms of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

429.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are not in custody and who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

For guidelines regarding transporting ill or injured persons who are in custody, see the Transporting Persons in Custody Policy.

Members should not provide emergency escort for civilian vehicles.

429.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

429.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

429.7 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100026.01; 22 CCR 100027.01; 22 CCR 100027.02).

429.7.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Chief of Police who is responsible for ensuring appropriate maintenance.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

429.7.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

429.7.3 AED TRAINING AND MAINTENANCE

The Chief of Police should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100027.05; 22 CCR 100027.06; 22 CCR 100028.07).

The Chief of Police is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100027.05).

429.8 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, the arrestee should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance to an appropriate medical facility.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

429.8.1 HOSPITAL SECURITY AND CONTROL

Officers who transport persons in custody to medical facilities for treatment should provide security and control during examination and treatment consistent with department protocols. Any such transport should be conducted in accordance with the Transporting Persons in Custody Policy.

The Patrol Sergeant should develop protocols related to the following:

(a) Providing security and control during an examination or treatment, including:

    1. Monitoring the person in custody (e.g., guarding against escape, suicide, and assault of others)

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.

2. Removal of restraints, if necessary and appropriate (see the Handcuffing and Restraints Policy)

(b) Responsibility for continuing security and control if the person in custody is admitted to the hospital

1. This should include transferring custody of the person to an appropriate agency.

429.9 FIRST-AID TRAINING

The Chief of Police should ensure officers receive initial first-aid training within one year of employment and refresher training every two years thereafter (22 CCR 100026.03; 22 CCR 100027.06).

Body-Worn Cameras

430.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of a body-worn camera (BWC) by members of this department and for the access, use, and retention of department BWC media.

The provisions of this policy, including notice, documentation, access, and retention, also apply to other portable audio/video recording devices used by members, where applicable.

This policy does not apply to undercover operations, wiretaps, or eavesdropping (concealed listening devices).

430.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - To place a BWC in active mode (also called event mode). In active mode, the BWC records both video and audio.

BWC media - The video, audio, and images captured by department BWCs and the associated metadata.

BWC media systems - Any software, including web-based programs and mobile applications, used by the Department to upload/download, store, view, transfer, and otherwise maintain BWC media.

Deactivate - To place a BWC in buffering mode (also called ready or pre-event mode). In buffering mode, the BWC records video (without audio) in short, predetermined intervals that are retained only temporarily. However, when a BWC is activated, the interval recorded immediately prior to activation is then stored as part of the BWC media. Deactivate does not mean powering off the BWC.

Event - A general term referring to a set of circumstances that may, but does not necessarily, correlate directly to a single public safety incident.

430.2 POLICY

It is the policy of the Department to use BWCs and BWC media for evidence collection and to accurately document events in a way that promotes member safety and department accountability and transparency while also protecting the privacy of members of the public.

A violation of this policy subjects the member to discipline (Penal Code § 832.18) (see the Personnel Complaints Policy).

430.3 RESPONSIBILITIES

430.3.1 BWC COORDINATOR RESPONSIBILITIES

The Chief of Police or the authorized designee should delegate certain responsibilities to a BWC coordinator.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

The responsibilities of the coordinator include (Penal Code § 832.18):

(a) Serving as a liaison between the Department and the BWC manufacturer/distributor and any third-party media storage vendor.

(b) Developing inventory procedures for issuing and tracking BWC equipment, including properly marking BWCs as property of the Department and recording the date each BWC is placed into or taken out of service.

(c) Assisting with troubleshooting and maintenance of BWC equipment and media systems and, when necessary, coordinating the repair or replacement of BWCs.

    1. All equipment and system malfunctions and their resolutions should be documented, and maintenance and repair records should be maintained for all BWCs.

(d) Managing BWC media systems so that:

    1. Access is limited to the minimum necessary authorized users and user privileges are restricted to those necessary for the member to conduct assigned department duties.

    2. Security requirements, such as two-factor authentication and appropriate password parameters, are in place for user credentials.

(e) Configuring BWC media systems, or developing manual procedures, so that media is appropriately categorized and retained according to the event type tagged by members.

(f) Retaining audit logs or records of all access, alteration, and deletion of BWC media and media systems, and conducting periodic audits to ensure compliance with applicable laws, regulations, and department policy.

(g) Developing and updating BWC training for members who are assigned a BWC or given access to BWC media systems.

(h) Coordinating with the community relations coordinator to (see the Community Relations Policy):

    1. Provide the public with notice of the department's use of BWCs (e.g., posting on the department website or social media pages).

    2. Gain insight into community expectations regarding BWC use.

(i) Coordinating with the Records Supervisor to (see the Records Section and Records Maintenance and Release policies):

    1. Determine and apply proper retention periods to BWC media. Agency legal counsel should be consulted in determining retention periods.

    2. Develop procedures for the appropriate release of BWC media.

(j) Coordinating with the Chief of Police to develop procedures for the transfer, storage, and backup of evidentiary BWC media (see the Property and Evidence Policy).

(k) Establishing a system to prevent tampering with, deleting, or copying recordings, and to ensure chain of custody integrity.

(l) Designating the persons responsible for downloading the recorded data from the BWC.

430.3.2 MEMBER RESPONSIBILITIES

Every member issued a BWC is responsible for its proper use, safekeeping, and maintenance (Penal Code § 832.18).

At the beginning of each shift or period of BWC use, the member should inspect their assigned BWC to confirm it is charged and in good working order.

Members should wear their assigned BWC on their outermost garment positioned at or near chest level and as close to the center of their body as practicable. Members are responsible for ensuring there are no obstructions and that the BWC remains in a position suitable for recording.

When a BWC is not in the physical possession of the member to which it is assigned, it should be placed on the charging dock and stored in a secure location.

Members shall report any malfunction or damage to the BWC coordinator or on-duty supervisor as soon as practicable and, if possible, obtain a functioning BWC to use either temporarily while repairs are being made to the member's BWC or as a permanent replacement.

430.4 BWC USE

The following guidelines apply to the use of BWCs:

(a) Only department-issued BWCs should be used. Members are prohibited from using any other BWC without the express consent of the Chief of Police or the authorized designee.

(b) BWCs should only be used by the member or members to whom it was issued unless otherwise authorized by a supervisor.

(c) The use of department-issued BWCs shall be strictly limited to department-related activities (Penal Code § 832.18).

(d) Members shall not use BWCs or BWC media systems for which they have not received prior authorization and appropriate training.

(e) Members shall immediately report unauthorized access or use of BWCs or BWC media systems by another member to their supervisor or the Chief of Police.

430.4.1 PROHIBITIONS

BWCs should not be used to record:

(a) Routine administrative activities of the Department that do not involve interactions with the public. Care should be taken to avoid incidentally recording confidential documents that the Department has a duty to keep secure (i.e., criminal justice information).

(b) Areas within the department facilities where members have a reasonable expectation of privacy (e.g., locker rooms or dressing areas, breakrooms) unless responding to a call for service or conducting an investigation.

(c) Conversations of other members without their knowledge.

(d) When a member is taking an authorized break or otherwise engaged in personal activities.

(e) In a courtroom unless responding to a call for service or emergency situation.

(f) Interactions with undercover officers or confidential informants.

(g) Strip searches.

BWCs shall not be used for the purpose of embarrassment, harassment, or ridicule of any individual or group.

430.5 ACTIVATION OF BWC

This policy is not intended to describe every possible situation in which the BWC should be used, however members should activate the BWC on all public contacts while acting in an enforcement capacity, and any other time the member believes it would be appropriate or valuable to record an incident. Members are not required to activate their BWC during casual or informal contacts with members of the public that are not part of or related to law enforcement functions. However, members should activate their BWC any time a contact with an individual becomes hostile or adversarial.

Unless otherwise authorized by this policy or approved by a supervisor, BWCs should remain activated until the call for service or law enforcement-related function has concluded. A member may cease recording if they are simply waiting for a tow truck or a family member to arrive, or in other similar situations.

At no time is a member expected to jeopardize their safety to activate their BWC. However, the BWC should be activated as soon as reasonably practicable in required situations.

If a member attempts to activate their BWC but the BWC fails to record an event, the member should notify their supervisor as soon as practicable.

430.5.1 NOTICE OF RECORDING

Unless otherwise approved based on unique circumstances, a member should wear the BWC in a manner that is conspicuous and shall answer truthfully if asked whether they are equipped with a BWC or if their BWC is activated.

430.5.2 PRIVACY CONSIDERATIONS

Members should remain sensitive to the dignity of individuals being recorded and should exercise sound discretion with respect to privacy concerns.

When responding to a place where individuals have an expectation of privacy (e.g., private residences, medical or mental health facilities, restrooms) or to a sensitive situation (e.g., individuals partially or fully unclothed), members are permitted to mute or deactivate their BWC if it reasonably appears that the privacy concern outweighs any legitimate department interest in recording the event. Members may also mute or deactivate their BWC:

(a) To protect the privacy of a victim or witness.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(b) When an individual wishes to provide information anonymously.

(c) To avoid recording a confidential informant or undercover officer.

(d) When discussing case tactics or strategy.

(e) During private conversations with other members or emergency responders.

Members should choose to mute rather than deactivate BWCs when practicable. Deactivation should only be used when muting the BWC will not accomplish the level of privacy necessary for the situation.

Before muting or deactivating their BWC, the member should verbally narrate the reason on the recording. As soon as possible once the privacy concern is no longer an issue, or when circumstances change so that the privacy concern no longer outweighs the department's interest in recording the event (e.g., the individual becomes combative, the conversation ends), the member should unmute or reactivate their BWC and verbally note that recording has resumed.

430.5.3 LIVESTREAMING

Livestreaming enables authorized individuals to remotely view the audio and video captured by a member's BWC in real time. Only supervisors and dispatchers approved by the Chief of Police or the authorized designee shall have access to livestreaming capabilities.

Livestreaming should only be activated:

(a) For purposes of member safety when the member is not responding to their radio or there is some other indication of distress.

(b) To assist with situational awareness or tactical decisions during a significant incident.

(c) When requested by the member.

430.5.4 DOCUMENTATION

Members are encouraged to provide narration while using a BWC when it would be useful to provide context or clarification of the events being recorded. However, the use of a BWC is not a replacement for written reports and should not be referred to in a written report in place of detailing the event.

Every report prepared by a member who is issued a BWC should state "BWC available" or "BWC unavailable," as applicable, and should document:

(a) To the extent practicable and relevant, the identity of individuals appearing in the BWC media.

(b) An explanation of why BWC media is unavailable including any malfunction, damage, or battery issue that resulted in the failure of the BWC to capture all or part of the event.

(c) Any exigency or other circumstances that prevented the member from immediately activating the recording at the beginning of the event.

(d) Any period of the event in which the member deactivated or muted their BWC and the reason for such action.

(e) If livestreaming was activated during the event, the reason for livestreaming and the members who communicated or participated in the event through BWC livestreaming.

430.6 DOWNLOADING BWC MEDIA

Unless otherwise authorized by a supervisor, all media from a member's BWC should be properly downloaded and tagged before the end of their shift. BWC media related to a serious or high-profile event (e.g., search for a missing child, active shooter situation) should be downloaded and tagged as soon as practicable upon returning to the Department (Penal Code § 832.18).

Following an officer involved shooting or death or other event deemed necessary, a supervisor should take possession of the BWC for each member present and download and tag the BWC media if the storage system does not have automatic downloading capacity (Penal Code § 832.18).

430.6.1 TAGGING BWC MEDIA

Members should tag all media captured by their BWC with their name and/or identification number, the case or incident number, and the event type. BWC media should be tagged upon downloading or, if capabilities permit tagging in the field, as close to the time of the event as possible. If more than one event type applies to BWC media, it should be tagged with each event type. If BWC media can only be tagged with a single event type, the media should be tagged using the event type with the longest retention period.

BWC media depicting sensitive circumstances or events should be tagged as restricted. BWC media should be flagged for supervisor review when it pertains to a significant event such as:

(a) An incident that is the basis of a formal or informal complaint or is likely to result in a complaint.

(b) When a member has sustained a serious injury or a line-of-duty death has occurred.

(c) When a firearm discharge or use of force incident has occurred.

(d) An event that has attracted or is likely to attract significant media attention.

Supervisors should conduct audits at regular intervals to confirm BWC media is being properly downloaded and tagged by their subordinates.

430.7 BWC MEDIA

All BWC media is the sole property of the Department (Penal Code § 832.18). Members shall have no expectation of privacy or ownership interest in the content of BWC media.

All BWC media shall be stored and transferred in a manner that is physically and digitally secure with appropriate safeguards to prevent unauthorized modification, use, release, or transfer. Contracts with any third-party vendors for the storage of BWC media should include provisions specifying that all BWC media remains the property of the Department and shall not be used by the vendor for any purpose without explicit approval of the Chief of Police or the authorized designee (Penal Code § 832.18).

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Members shall not alter, copy, delete, release, or permit access to BWC media other than as permitted in this policy without the express consent of the Chief of Police or the authorized designee (Penal Code § 832.18).

BWC media systems should not be accessed using personal devices unless authorized by the Chief of Police or the authorized designee.

430.7.1 ACCESS AND USE OF BWC MEDIA

BWC media systems shall only be accessed by authorized members using the member's own login credentials and in accordance with the Information Technology Use Policy.

BWC media shall only be accessed and viewed for legitimate department-related purposes in accordance with the following guidelines:

(a) BWC media tagged as restricted should only be accessible by those designated by the Chief of Police or the authorized designee.

(b) Members may review their own BWC media for department-related purposes. Members should document in their report if they reviewed BWC media before completing the report.

(c) Investigators may review BWC media pertaining to their assigned cases.

(d) A member testifying regarding a department-related event may review the pertinent BWC media before testifying.

(e) Supervisors are permitted to access and view BWC media of their subordinates.

1. Supervisors should review BWC media that is tagged as a significant event or that the supervisor is aware pertains to a significant event.
2. Supervisors should conduct documented reviews of their subordinate's BWC media at least annually to evaluate the member's performance, verify compliance with department procedures, and determine the need for additional training. The review should include a variety of event types when possible. Supervisors should review BWC media with the recording member when it would be beneficial to provide guidance or to conduct one-on-one informal training for the member.
3. Supervisors should conduct periodic reviews of a sample of each subordinate's BWC media to evaluate BWC use and ensure compliance with this policy.

(f) The Chief of Police is permitted to access and view BWC media for training purposes.

1. The Chief of Police should conduct a quarterly review of a random sampling of BWC media to evaluate department performance and effectiveness and to identify specific areas where additional training or changes to protocols would be beneficial. Training Committee members may review BWC media as part of their review to identify training needs.
2. Members may use BWC media for training purposes with the approval of the Chief of Police or the authorized designee. The Chief of Police should use caution to avoid embarrassing or singling out a member and, to the extent

practicable, should seek consent from the members appearing in the BWC media before its use for training. When practicable, sensitive issues depicted in BWC media should be redacted before being used for training.

(g) The Records Supervisor may access BWC media when necessary to conduct department-related duties.

(h) The BWC coordinator may access BWC media and the BWC media system as needed to ensure the system is functioning properly, provide troubleshooting assistance, conduct audits, and fulfill other responsibilities related to their role.

430.7.2 PUBLIC ACCESS

Unless disclosure is required by law or a court order, BWC media should not be released to the public if it unreasonably violates a person's privacy or sense of dignity or depicts the interior of:

(a) A private residence.

(b) A facility that offers health care, mental health or substance abuse treatment, or social services.

(c) A school building.

(d) Any other building in which public access is restricted or which implicates heightened security concerns.

Requests for the release of BWC media shall be processed in accordance with the Records Maintenance and Release Policy. The Records Supervisor should review BWC media before public release.

430.8 RETENTION OF BWC MEDIA

Non-evidentiary BWC media should be retained for a minimum of 60 days, after which it may be erased, destroyed, or recycled. Non-evidentiary media may be kept for more than 60 days for availability in case of a civilian complaint and to preserve transparency (Penal Code § 832.18).

Unless circumstances justify continued retention, BWC media should be permanently deleted upon the expiration of the retention period in a way that it cannot be retrieved. BWC media shall not otherwise be deleted by any person without the authorization of the Chief of Police or the authorized designee.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

430.8.1 EVIDENTIARY BWC MEDIA

BWC media relevant to a criminal prosecution should be exported from the BWC media system and securely transferred to digital evidence storage according to established department procedures. Evidentiary BWC media is subject to the same laws, policies, and procedures as all other evidence, including chain of custody, accessibility, and retention periods (see the Property and Evidence Policy).

Evidentiary BWC media should be retained for a minimum of two years under the following circumstances (Penal Code § 832.18):

(a) The recording is of an incident involving the use of force by an officer or an officer-involved shooting.

(b) The recording is of an incident that leads to the detention or arrest of an individual.

(c) The recording is relevant to a formal or informal complaint against an officer or the Napa Valley College Police Department.

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

430.9 TRAINING

The BWC coordinator should ensure that each member issued a BWC receives initial training before use, and periodic refresher training thereafter. Training should include:

(a) Proper use of the BWC device and accessories.

(b) When BWC activation is required, permitted, and prohibited.

(c) How to respond to an individual's request to stop recording.

(d) Proper use of the BWC media systems, including downloading and tagging procedures.

(e) Security procedures for BWC media, including appropriate access and use.

Members who are not issued a BWC but who have access to BWC media systems shall receive training on the BWC media system, including appropriate access, use, and security procedures.

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Napa Valley College Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge

(b) Court appearance procedure including the optional or mandatory appearance by the motorist

(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter

(b) Felony and misdemeanor driving under the influence of alcohol/drugs

(c) Felony or misdemeanor hit-and-run

(d) Refusal to sign notice to appear

(e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Chief of Police should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collision Reporting

501.1 PURPOSE AND SCOPE

The Napa Valley College Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

501.2 RESPONSIBILITY

The Sergeant will be responsible for distribution of the Collision Investigation Manual. The Sergeant will receive all changes in the state manual and ensure conformity with this policy.

501.3 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this department shall be forwarded to the Sergeant for approval in the appropriate records management system.

501.4 REPORTING SITUATIONS

501.4.1 TRAFFIC COLLISIONS INVOLVING DISTRICT VEHICLES

Traffic collision investigation reports shall be taken when a District-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report (CHP 555 form) at the discretion of the officer when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a District vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Sergeant.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the officer.

501.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Napa Valley College Police Department resulting in a serious injury or fatality, the Sergeant or the Officer in Charge, may notify the California Highway Patrol for assistance.

The term serious injury is defined as any injury that may result in a fatality.

501.4.3 TRAFFIC COLLISIONS WITH OTHER DISTRICT EMPLOYEES OR OFFICIALS

The Sergeant or on-duty Officer in Charge may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any District official or employee where a serious injury or fatality has occurred.

501.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property unless there is a death or injury to any person

involved, a hit-and-run violation, or Vehicle Code violation. An Incident Report may be taken at the discretion of the officer.

501.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

(a) When there is a death or injury to any persons involved in the collision

(b) When there is an identifiable violation of the Vehicle Code

(c) When a report is requested by any involved driver

501.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION

In the event of a serious injury or death related traffic collision, the Officer in Charge shall notify the Sergeant to relate the circumstances of the traffic collision and seek assistance from the Napa Police Department's Traffic Bureau, Accident Investigator or motor officer.

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Napa Valley College Police Department. Nothing in this policy shall require the Department to tow a vehicle.

502.2 STORAGE AND IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

502.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage, or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator, and the original shall be submitted to the Records Section as soon as practicable after the vehicle is stored.

502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies through Napa Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request a rotation tow through Napa Dispatch. The officer will then store the vehicle using a CHP Form 180.

502.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

502.2.4 DRIVING A NON-DISTRICT VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.2.5 RECORDS SECTION RESPONSIBILITY
Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Officer in Charge for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by mail as applicable and as provided in Vehicle Code § 22851.3(d), Vehicle Code § 22852(a), and Vehicle Code § 14602.6(a)(2). The notice shall include the following (Vehicle Code § 22852(b)):

(a) The name, address, and telephone number of this Department

(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage

(c) The authority and purpose for the removal of the vehicle

(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice

502.3 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the

Published with permission by Napa Valley College Police Department

Department against fraudulent claims of lost, stolen, or damaged property. Whenever possible, the inventory should be recorded via an issued Body Worn Camera.

502.4 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

502.5 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:

1. The vehicle was stolen.
2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
3. Any other circumstance as set forth in Vehicle Code § 14602.6.
4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

(d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

502.6 TOWING FOR EXPIRED REGISTRATION

Prior to a member removing a vehicle that is found to have expired registration for more than six months, the member shall verify that no current registration exists with the Department of Motor Vehicles (DMV). If current registration exists with the DMV, the vehicle shall not be removed (Vehicle Code § 22651(o)(1)(A)).

Vehicle Impound Hearings

504.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

504.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Napa Valley College Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

504.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Sergeant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.

1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Sergeant. The hearing officer will recommend to the appropriate Sergeant that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

505.2 RESPONSIBILITIES

The Sergeant shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

505.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Chief of Police or Sergeant. Upon a review of the circumstances involving the issuance of the traffic citation, the Chief of Police or Sergeant may recommend the officer dismiss the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify the Chief of Police or Sergeant of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required.

505.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Sergeant.

505.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Sergeant, who will forward it to the court having jurisdiction and to the recipient of the citation.

505.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the Sergeant for review.

505.7.1 APPEAL STAGES

Appeals of parking citations will be conducted in accordance with the Napa Valley College Parking Regulations.

505.7.2 TIME REQUIREMENTS

Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

(d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

505.7.3 COSTS

(a) There is no cost for an administrative review.

(b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).

(c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

505.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile’s age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

506.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

506.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

72-Hour Parking Violations

507.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Napa Valley Community College District Administrative Regulations (Parking Regulations) regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

507.2 MARKING VEHICLES

Vehicles suspected of being in violation of the NVC Parking Regulations shall be marked and noted on the Napa Valley College Police Department Marked Vehicle Card. No case number is required at this time.

A record of the vehicle and its location will be made. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

507.2.1 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Section immediately following the storage of the vehicle. It shall be the responsibility of the Records Section to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Napa Valley College Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
    1. An initial statement from any witnesses or complainants.
    2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
    1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
    2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
    3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Officer in Charge.
    4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
    5. Collect any evidence.
    6. Take any appropriate law enforcement action.
    7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Chief of Police. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.

1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted, or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted, or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations, and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights, and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using the member's own equipment, the member should note the dates, times, and locations of the information and report the discovery to the member's supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.7.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias, or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy, and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION
Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.8 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY

The Patrol Sergeant is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

(a) Security procedures are developed to protect information gathered through the use of the technology.

(b) A usage and privacy policy is developed that includes:

1. The purposes for which using cellular communications interception technology and collecting information is authorized.
2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
3. Training requirements necessary for those authorized employees.
4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.
5. Process and time period system audits.
6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department's usage and privacy procedures and all applicable laws.

600.9 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization from the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.10 USE OF CERTAIN DNA SAMPLES

Known samples of DNA collected from a victim of a crime or alleged crime, and known reference samples of DNA from any individual that were voluntarily provided for the purpose of exclusion are to be used only for the purpose directly related to the incident being investigated and in compliance with the procedures identified in Penal Code § 679.12.

600.11 ANTI-REPRODUCTIVE RIGHTS CRIMES

A member should take a report any time a person living within the jurisdiction of the Napa Valley College Police Department reports that the person has been a victim of an anti-reproductive rights crime as defined by Penal Code § 13776 and Penal Code § 423.3. This includes:

(a) Taking a report, even if the location of the crime is outside the jurisdiction of this department or has not been determined (e.g., online harassment).

(b) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Members should encourage the person to review the material and should assist with any questions.

A report should also be taken if a person living outside department jurisdiction reports an anti-reproductive rights crime that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in the [city/county] to facilitate the crime).

A member investigating an anti-reproductive rights crime should ensure that the case is referred to the appropriate agency if it is determined that this department should not be the investigating agency. The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for department use and are specific to this type of investigation.

The supervisor should provide the Records Supervisor with enough information regarding the number of calls for assistance and number of arrests to meet the reporting requirements to the California Department of Justice as required by Penal Code § 13777. See the Records Section Policy for additional guidance.

600.12 STATE REQUIREMENTS FOR FIREARM INVESTIGATIONS

600.12.1 CALIFORNIA DOJ NOTICE OF LOCATION OF REPORTED LOST OR STOLEN FIREARM

When notification is received from the California Department of Justice (DOJ) that a firearm purchase matches an entry made into the Automated Firearms System by the Department as lost or stolen, the supervisor shall assign an officer to work with the Napa Police Department or Napa County Sheriff's Office to retrieve the firearm and book the firearm into evidence in accordance with the Property and Evidence Policy. Recovery of the firearm shall be reported pursuant to Penal Code § 11108.2, Penal Code §11108.3, and Penal Code § 11108.5. If appropriate, arrangements may be made to have another state or local law enforcement agency retrieve the firearm on behalf of the Department (Penal Code § 28220).

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Napa Valley College Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Through a Memorandum of Understanding, the Napa Valley College Police Department utilizes qualified investigators provided by the Napa County Sheriff's Office.

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Chief of Police should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

Published with permission by Napa Valley College Police Department

601.6 TRAINING

Subject to available resources, periodic training should be provided to:

(a) Members who are first responders. Training should include:

1. Initial response to sexual assaults.
2. Legal issues.
3. Victim advocacy.
4. Victim's response to trauma.
5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).

(b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:

1. Interviewing sexual assault victims.
2. SART.
3. Medical and legal aspects of sexual assault investigations.
4. Serial crimes investigations.
5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
6. Techniques for communicating with victims to minimize trauma.

601.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial contact, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect. All other interviews should be conducted in accordance with the NVCPD-NSO agreement.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.7.1 VICTIM RIGHTS

Victim Rights will be assured in accordance with the NVCPD - NSO agreement and should ensure the following:

(a) Prior to the commencement of the initial interview, advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, about any other rights of a sexual assault victim pursuant to the sexual assault victim card described in Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the

room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).

(b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).

1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
2. A support person may be excluded from the examination by the officer or the medical provider if the support person's presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

601.7.2 VICTIM CONFIDENTIALITY

If required by the NVCPD - NSO agreement, officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

601.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

The collection, processing, and testing of biological evidence will be conducted in accordance with the NVCPD – NPD agreement.

601.8.1 DESTRUCTION OF EVIDENCE

Any destruction of evidence related to a sexual assault shall occur only after victim notification is made as required pursuant to Penal Code § 680 and only in compliance with the Property and Evidence Policy.

601.8.2 COLLECTION OF DNA REFERENCE SAMPLES

Reference samples of DNA collected directly from a victim of sexual assault, and reference samples of DNA collected from any individual that were voluntarily provided for the purpose of exclusion, shall be protected as provided in Penal Code § 679.12 (Penal Code § 680).

601.8.3 NON-TESTING OF SAFE KITS

Sexual assault survivors 18 years or older may be undecided at the time of the medical examination whether to report the sexual assault to law enforcement and may request that any collected medical evidence not be tested. If such a request is made, the medical facility is responsible for the transfer of the SAFE kit to the Napa Valley College Police Department or the Napa County Sheriff's Office, if they are the investigating agencies. The Department shall retain the SAFE kit until the sexual assault survivor requests testing (Penal Code § 680).

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

If the Department receives a request for non-testing after the examination and the SAFE kit has not already been submitted to a crime lab, the SAFE kit shall be retained by the Department. If the SAFE kit has been submitted to the crime lab, but DNA testing has not yet begun, the assigned officer shall notify the crime lab of the request, and the untested SAFE kit shall be returned to the Department and retained pursuant to department protocols (Penal Code § 680).

A sexual assault survivor who initially requested that their SAFE kit not be tested may later request testing, regardless of whether they decide to make a report to law enforcement. The supervisor should ensure the SAFE kit is sent to the crime lab for testing (Penal Code § 680).

601.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Napa Sheriff's Office supervisor and the Napa Valley College Chief of Police.

Classification of a sexual assault case as unfounded requires the determination that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

This also includes a person agreeing to supply information to the Napa Valley College Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

602.2 POLICY

The Napa Valley College Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

602.3 USE OF INFORMANTS

602.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from the Chief of Police. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

602.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians

(b) The juvenile’s attorney, if any

(c) The court in which the juvenile’s case is being handled, if applicable (Penal Code § 701.5)

602.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by the Chief of Police before being finalized with the informant.

602.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police or Sergeant.

1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

(b) Criminal activity by informants shall not be condoned.

(c) Informants shall be told they are not acting as police officers, employees or agents of the Napa Valley College Police Department, and that they shall not represent themselves as such.

(d) The relationship between department members and informants shall always be ethical and professional.

(a) Members shall not become intimately involved with an informant.

(b) Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Chief of Police or Sergeant.

(c) Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.

(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Chief of Police or Sergeant.

1. Officers may meet informants alone in an occupied public place, such as a restaurant.

(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.

(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

602.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until

a determination has been made by the Chief of Police, the informant should not be used by any member. The Chief of Police shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The Chief of Police shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.

(b) The informant behaves in a way that may endanger the safety of an officer.

(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.

(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.

(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.

(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.

(g) The informant commits criminal acts subsequent to entering into an informant agreement.

602.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the office of the Chief of Police. The Chief of Police shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police or Sergeant.

As necessary, an audit may be conducted by a supervisor who does not have normal access to the informant files.

602.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

(j) Name of the officer initiating use of the informant

(k) Signed informant agreement

(l) Update on active or inactive status of informant

602.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant’s previous criminal activity
- The level of risk taken by the informant

The type and level of payment will be approved by the Chief of Police.

602.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from an appropriate buy/expense fund.

1. The Chief of Police shall sign the voucher for cash payouts from the buy/expense fund.

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the Chief of Police who will provide the officer with the funds to be delivered to the informant.

1. The check shall list the case numbers related to and supporting the payment.

2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.

3. The cash transfer form will be kept in the informant's file.

602.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

602.6.3 AUDIT OF PAYMENTS

The Chief of Police shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

Eyewitness Identification

603.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

603.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

603.2 POLICY

The Napa Valley College Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

603.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

603.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Chief of Police shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.

(c) The name of the person administering the identification procedure.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.

(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.

(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

(k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

603.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

The eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures. When it is not feasible to make a recording with both audio and visual representations, an audio recording should be made (Penal Code § 859.7).

603.6 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

603.6.1 DOCUMENTATION RELATED TO RECORDINGS
The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

603.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION
If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

603.6 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:

1. The length of time the witness observed the suspect.
2. The distance between the witness and the suspect.
3. Whether the witness could view the suspect's face.
4. The quality of the lighting when the suspect was observed by the witness.
5. Whether there were distracting noises or activity during the observation.
6. Any other circumstances affecting the witness's opportunity to observe the suspect.
7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

603.6 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

603.6.1 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

Brady Material Disclosure

604.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

604.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** -Information known or possessed by the Napa Valley College Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

604.2 POLICY

The Napa Valley College Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Napa Valley College Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

604.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

604.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer's personnel file.

(b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in-camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

    1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

604.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

Warrant Service

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

605.2 POLICY

It is the policy of the Napa Valley College Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

605.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review the risk assessment report with the Chief of Police to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

605.4 SEARCH WARRANTS

Officers should receive authorization from the Chief of Police or Sergeant preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the Chief of Police and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

605.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the operations officer should do a risk assessment.

If the warrant is classified as high risk, service will be coordinated by the operations officer. If the warrant is not classified as high risk, the Chief of Police should weigh the risk of service off college property, entry into an off-campus residence to make an arrest against other alternatives, which may pose a lower risk.

Published with permission by Napa Valley College Police Department

605.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.

(b) A clear explanation of the affiant's training, experience, and relevant education.

(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

(f) A specific description of the location to be searched, including photographs of the location, if reasonably available.

(g) A sufficient description of the items to be seized.

(h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

605.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.

(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

605.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

605.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

605.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If officers intend to serve a warrant outside Napa Valley College Police Department jurisdiction, the Chief of Police or Sergeant should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Napa Valley College Police Department when assisting outside agencies or serving a warrant outside Napa Valley College Police Department jurisdiction.

Operations Planning and Deconfliction

606.1 PURPOSE AND SCOPE

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

606.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and other operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including situations wherein a reasonable risk of violence or confrontation with multiple persons, may occur.

606.2 POLICY

It is the policy of the Napa Valley College Police Department to properly plan and carry out high-risk operations, including participation deconfliction with other law enforcement agencies in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

606.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

606.4 RISK ASSESSMENT

606.4.1 RISK ASSESSMENT REPORT PREPARATION

When preparing the report, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

(a) Photographs, including aerial photographs, if available, of the involved location.

(g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).

(h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

606.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment report and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to the Chief of Police to determine the level of risk and the appropriate response.

606.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

(a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:

  (a) SWAT

  (b) Additional personnel

  (c) Outside agency assistance

  (d) Special equipment

  (e) Medical personnel

  (f) Persons trained in negotiation

(c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.

(d) Coordinate the actual operation.

606.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The Operations Officer will ensure that the appropriate law enforcement agencies with jurisdiction are notified in a timely manner.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

606.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

(a) Operation goals, objectives, and strategies.

(b) Operation location and people:

1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids

1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
2. How all participants will be identified as law enforcement.

(e) Whether deconfliction submissions are current and all involved individuals, groups, and locations have been deconflicted to the extent reasonably practicable.

(f) Identification of all communications channels and call-signs.

(g) Use of force issues.

(h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

(i) Plans for detaining people who are not under arrest.

(j) Contingencies for handling children, dependent adults, animals, and other people who might be at the location in accordance with the Child Abuse, Senior and Disability Victimization, Child and Dependent Adult Safety, and Animal Control policies.

(k) Communications plan.

(l) Responsibilities for writing, collecting, reviewing, and approving reports.

606.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

606.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

(a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.

(b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.

(c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.

1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.

(d) The briefing should include details of the communications plan.

1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

606.8 TACTICAL TEAM PARTICIPATION

If the operations director determines that tactical team participation is appropriate, the director and the tactical team supervisor shall work together to develop a written plan. The tactical team supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the tactical team supervisor shall transfer control of the scene to the operations officer. This transfer should be communicated to the officers present.

606.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Napa Valley College Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location-detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for department-related business or when the use reasonably implicates work-related misconduct.

701.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)

No member is authorized to be the sole possessor of a department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a department-issued PCD and use of a personal PCD at

work or for work-related business constitutes specific consent for access for department purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will be either secured in the workplace at the completion of the tour of duty or turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.

(b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.

(c) The PCD and any associated services shall be purchased, used, and maintained solely at the member's expense.

(d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by department procedures.

1. Use of a personally owned PCD for work-related business constitutes consent for the Department to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
2. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
3. Searches of a personally owned PCD by the Department should be limited to those matters reasonably associated with the work-related business or work-related misconduct.

(e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment

or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.

(f) If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.

(g) All work-related documents, emails, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the Napa Valley College Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from their supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate recordkeeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform unless it is in an approved carrier.

(b) All PCDs in the workplace shall be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times unless an emergency exists.

(d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.

(e) Members are prohibited from taking pictures, audio or video recordings, or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means requires the express authorization of the Chief of Police or the authorized designee.

Published with permission by Napa Valley College Police Department

(f) Members will not access social networking sites for any purpose that is not official department business. This restriction does not apply to a personally owned PCD used during authorized break times.

(g) Using PCDs to harass, threaten, coerce, or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

(b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

701.9 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the District of Napa Valley Community College District to provide assigned take-home vehicles.

Additional guidelines for member responsibilities when transporting persons in custody may be found in the Transporting Persons in Custody Policy.

703.2 POLICY

The Napa Valley College Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments, and other considerations.

Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

803.2 PROCEDURE

Any firearm coming into the possession of the Napa Valley College Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.

(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

803.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

803.2.3 OFFICER RESPONSIBILITY

The Chief of Police or authorized designee receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the Napa County Sheriff's crime lab for restoration and maintain the chain of evidence.

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

803.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Chief of Police or authorized designee will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

804.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, College Counsel or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Supervisor shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

804.8.1 SEALING JUVENILE RECORDS

Upon receiving notice from a probation department to seal a citation, juvenile arrest records, or other related records pursuant to Welfare and Institutions Code § 786.5, the Records Supervisor should ensure that the records are sealed within 60 days of that notice and that the probation department is notified once the records have been sealed (Welfare and Institutions Code § 786.5).

Upon receiving a list of juvenile arrest records that are eligible to be sealed from the California Department of Justice (DOJ), the Records Supervisor or the authorized designee shall review the records identified in the list and determine if the records are eligible to be sealed in accordance with Welfare and Institutions Code § 781.2. Within six months of receiving the list, the Records Supervisor or the authorized designee shall electronically report to the DOJ which records were sealed (Welfare and Institutions Code § 781.2).

804.9 SECURITY BREACHES

The Records Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual's first name or first initial and last name in combination with any one or more of the following (Civil Code § 1798.29):

1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
2. When the breach involves an email address that was furnished by the Napa Valley College Police Department, notification of the breach should not be sent to

that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

804.9.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

1. Written notice.
2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.
3. Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:
   (a) Email notice when the Department has an email address for the subject person.
   (b) Conspicuous posting of the notice on the department's webpage for a minimum of 30 days.
4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

(b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

804.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 7923.625).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 7923.625).

The Custodian of Records should work as appropriate with the Chief of Police or the Sergeant supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

804.10.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.

(b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.

(c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 7923.625).

804.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 7923.625):

(a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.

(a) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

804.10.3 REDACTION

If the Custodian of Records, in consultation with the Chief of Police or the authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 7923.625).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 7923.625).

804.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the

Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 7923.625):

(a) The person in the recording whose privacy is to be protected, or the person's authorized representative.

(b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.

(c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 7923.625).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 7923.625).

805.1.1 DEFINITIONS

Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Napa Valley College Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

805.2 POLICY

Members of the Napa Valley College Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

805.3 RESPONSIBILITIES

The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).

(b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice's current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.

805.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Napa Valley College Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

805.4.1 PENALTIES FOR MISUSE OF RECORDS

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

805.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

805.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

805.5.2 TRANSMISSION GUIDELINES

Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. When circumstances reasonably indicate that the immediate safety of officers, other department members, or the public is at risk, only summary information may be transmitted.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDC or department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

805.6 SECURITY OF PROTECTED INFORMATION

The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

(a) Developing and maintaining security practices, procedures and training.

(b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.

(d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

805.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

805.7 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

Computers and Digital Evidence

806.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

806.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.

1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number, and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:

1. Where the computer was located and whether or not it was in operation.
2. Who was using it at the time.
3. Who claimed ownership.

4. If it can be determined, how it was being used.

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

806.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a the High Tech Crimes Task Force for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

806.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.

(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).

(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

806.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.

(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, submit a request to the Chief of Police to copy the contents to an appropriate form of storage media.

(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

Published with permission by Napa Valley College Police Department

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

806.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

806.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

806.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

806.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (smart card, compact flash card or any other media) shall be brought to the Chief of Police as soon as possible for submission into evidence.

(b) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a zip-lock type baggie. The camera operator shall write their name and the related case number on the outside of the baggie before placing in the film drop box along with the evidence form.

(c) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.

806.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

806.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) The original digital media shall remain in evidence and shall remain unaltered.

Animal Control

807.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

807.2 POLICY

It is the policy of the Napa Valley College Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

807.3 NAPA COUNTY ANIMAL CONTROL RESPONSIBILITIES

Animal control services are generally the primary responsibility of Napa County Animal Control and include:

(a) Animal-related matters during periods when Napa County Animal Control is available.

(b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Napa County Animal Control is available for investigation and resolution.

(c) Follow-up on animal-related calls, such as locating owners of injured animals.

807.4 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

(a) There is a threat to public safety.

(b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.

(c) An animal is creating a traffic hazard.

(d) An animal is seriously injured.

(e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.

1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.

2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

807.5 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

When handling deceased animals, members should attempt to identify and notify the owner of the final disposition of the animal.

807.6 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a veterinarian and notice shall be given to the owner pursuant to the requirements of Penal Code § 597.1.

807.6.1 VETERINARY CARE

The injured animal should be taken to a veterinarian as follows:

(a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.

(b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency and Critical Care Services Clinic.

(c) An exception to the above exists when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.

Each incident shall be documented and, at minimum, include the name of the reporting party and veterinary hospital and/or person to whom the animal is released.

If Napa County Animal Control is not available, the information will be forwarded for follow-up.

807.6.2 INJURED WILDLIFE

Injured wildlife should be referred to the Department of Fish and Wildlife or the Marine Mammal Center as applicable.

(c) Refrain from searching the vehicle or seizing items except as otherwise permitted by law.

(d) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Department of the member involved in the rescue.

(e) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.

(f) Take the animal to an animal care facility, a place of safekeeping or, if necessary, a veterinary hospital for treatment.

807.7 ANIMAL CRUELTY COMPLAINTS
Laws relating to the cruelty to animals should be enforced, including but not limited to Penal Code § 597 et seq. (cruelty to animals, failure to care for animals).

(a) An investigation should be conducted on all reports of animal cruelty.

(b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

807.8 ANIMAL BITE REPORTS
Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

807.9 STRAY DOGS
If a stray dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate animal care facility.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

807.10 DANGEROUS ANIMALS
In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, assistance will be requested from Napa County Animal Control.

807.11 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality-of-life issues.

900.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants, or weapons into the Napa Valley College Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors, and the public.

Guidance for custody searches when transporting a person in custody may be found in the Transporting Persons in Custody Policy.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS

Definitions related to this policy include:

This includes monitoring an individual who is changing clothes, where the individual's underclothing, buttocks, genitalia, or female breasts are visible.

900.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

900.3 SEARCHES AT POLICE FACILITIES

Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

900.6 TRAINING

The Chief of Police shall ensure members have training that includes (28 CFR 115.115):

(b) Conducting searches of transgender and intersex individuals.

(c) Conducting searches in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

900.8 GENDER IDENTITY OR EXPRESSION CONSIDERATIONS

900.9 JUVENILES

No juvenile should be subjected to a strip search or a physical body cavity search at the Department.

Transporting Persons in Custody

901.1 PURPOSE AND SCOPE

This policy provides guidelines for transporting persons who are in the custody of the Napa Valley College Police Department.

See the Handcuffing and Restraints Policy for additional guidance.

901.2 POLICY

It is the policy of the Napa Valley College Police Department to provide safe, secure, and humane transportation for all persons in custody.

901.3 PATROL SERGEANT RESPONSIBILITIES

The Patrol Sergeant should establish related procedures for:

- Safely transporting persons who have their legs restrained.
- Seating placement of persons being transported in vehicles with and without safety barriers.

901.4 OFFICER RESPONSIBILITIES

Persons in custody should be transported in a vehicle properly equipped to transport passengers. They should be appropriately restrained and positioned during transport.

Officers transporting a person in custody should:

(a) Search all areas of the vehicle accessible to a person in custody before and after each transport.

(b) Immediately search persons in custody after arrest, when receiving the person from the custody of another officer, and before transferring the person. Refer to the Custodial Searches Policy before conducting any search other than a field search.

1. Whenever practicable, a search should be conducted by an officer of the same gender as the person being searched. If an officer of the same gender is not reasonably available, a witnessing officer should be present during the search.

(c) Provide Dispatch with any required notifications (e.g., start time, mileage, end time). If Dispatch is not available this information should be narrated using the officer's body-worn camera, and the required notifications should be recorded in the report or event associated with the transport.

(d) Properly secure all property.

(e) Use audio/video equipment (when properly equipped) to observe and record any person in custody during transport (see Body-Worn Camera policies for additional guidance).

(f) Make a reasonable effort to prevent inappropriate conversations between persons being transported (e.g., demeaning or insulting language) or conversations between a person being transported and someone outside the vehicle.

Published with permission by Napa Valley College Police Department

(g) Plan travel times and routes to avoid situations that might impede transportation (e.g., heavy traffic, unfavorable road conditions, extreme weather) when reasonably practicable.

(h) Make a verbal welfare check with a person in custody at least every 10 minutes. Provide sufficient visual observation and audio communication during the transport of:

1. Individuals in auxiliary restraints.
2. Individuals in leg restraints.
3. Individuals wearing a spit hood.
4. Individuals who are a suspected suicide risk.

(i) Verify that the vehicle's security devices (e.g., window and rear-door child-safety locks) are activated.

(j) Assess uncooperative persons who cannot or will not sit upright for a medical condition (see the Medical Aid and Response Policy for additional guidance):

1. If no medical condition exists, alternative transportation should be arranged (e.g., a special transport van).

901.5 TRANSPORT RESTRICTIONS

When transporting multiple persons, officers:

(a) Should not transport persons in custody together. Persons in custody should be transported individually when practicable, or within their own compartment of a multiple-compartment vehicle, unless supervisor approval is received based on unusual circumstances.

1. Juveniles and adults shall not be transported together.
2. Persons with known hostilities toward each other, such as mutual combatants or rival gang members, shall not be transported together.
3. Persons of different genders should not be transported together.

(b) If segregating individuals is not possible, transporting officers should be alert to inappropriate physical or verbal contact and take appropriate action.

901.6 TRANSPORT VANS

An officer trained on the safety and restraint systems of a transport van should be present during the transport van's use for transporting a person in custody.

An officer should assist persons getting into and out of the transport van to avoid falls.

901.7 TRANSPORTING PERSONS IN CUSTODY WHO HAVE A DISABILITY

When transporting a person in custody who has a disability, a transporting officer should request assistance as necessary to transport the person in a reasonable and safe manner. The transporting officer should ensure that any special equipment (e.g., canes, wheelchairs, prosthetics) is transported to the person's destination in a way that does not threaten the safety or security of the person in custody or the officer.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Officers transporting a person who has a disability should consult with the person in custody and use good judgment in determining what, if any, restraining devices may be appropriate based on the person's disability to ensure the security, safety, and dignity of all persons.

901.8 TRANSPORTING ILL OR INJURED PERSONS IN CUSTODY

Except in exceptional cases where alternatives are not reasonably available, officers should not transport persons in custody who are unconscious, have serious injuries, or who may be seriously ill. EMS personnel should be called to handle such transportation.

Officers shall notify a supervisor as soon as practicable when transporting a person in custody to a hospital.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a Officer in Charge.

Any person in custody suspected of having a communicable disease should be transported in compliance with the exposure control plan in the Communicable Diseases Policy.

See the Medical Aid and Response Policy for additional guidance on ill or injured persons in custody.

901.9 TRANSPORTING PREGNANT PERSONS IN CUSTODY

Persons in custody who are known to be pregnant should be restrained during transport in the least restrictive manner that is effective for officer safety. Leg restraints, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themself or others, or damage property.

Absent exceptional circumstances, persons in labor or delivery should not be transported by officers. EMS personnel should be called to handle transportation.

901.10 MENTAL ILLNESS COMMITMENT TRANSPORTS

When transporting any individual for a mental illness commitment, the transporting officer should request that Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual, and whether any special medical care is needed.

Should the person require transport in a medical transport vehicle, and the safety of any person, including the person in custody, requires the presence of an officer during the transport, Officer in Charge approval is required before transport commences.

See the Mental Illness Commitments Policy for additional guidance.

901.11 INTERRUPTION OF TRANSPORT

Absent extraordinary circumstances, officers should not interrupt a transport to provide emergency assistance without supervisory approval. Officers encountering an emergency should notify Dispatch and request an appropriate response.

Published with permission by Napa Valley College Police Department

901.12 EXTENDED TRANSPORTS

During transports for extended durations, transporting officers may be required to make necessary stops. With supervisory approval and due consideration for security risks and the in-custody person's health and well-being, these stops should be limited to fuel, meals, bathroom breaks, and other purposes reasonably necessary for the continuation of the transport.

901.13 PROHIBITIONS

When transporting a person in custody, officers should not:

(a) Use transport as a form of punishment or retaliation (e.g., intentionally rough rides, excessive heat or cold, obnoxiously loud music).

(b) Handcuff a person to any part of a vehicle.

(c) Leave the vehicle unattended with the person in custody in the vehicle.

(d) Allow any person who is not in custody (e.g., friend, family member) to have contact with or be in close proximity to the person in custody.

(e) Allow any food, drink, or other consumables to be given to the person in custody by anyone other than department personnel or receiving agency personnel.

(f) Stop to conduct any personal activities.

(g) Engage in a pursuit.

901.14 ESCAPES

In the event that a person in custody escapes while being transported, the transporting officer should immediately advise Dispatch and other units of the escape, provide a description of the escapee, notify the Officer in Charge, and submit a written report as soon as practicable describing the circumstances of the escape and any recapture.

The Officer in Charge should notify the Chief of Police or the authorized designee upon learning of an escape.

If the escape occurs outside the jurisdiction of the Napa Valley College Police Department, the Officer in Charge should notify the appropriate agency or agencies within the jurisdiction where the escape occurred.

901.15 DOCUMENTATION

If a person is injured during transportation, officers should document the injury in the appropriate report. Documentation should include the condition of the person prior to transportation and the known or suspected causes of the injury during transportation (e.g., hitting head, struggling with restraints, fighting with other persons in custody). Any visible or reported injuries should be photographed and included with the report.

901.16 NOTIFICATIONS

Officers should notify a supervisor and any receiving facility of information regarding any circumstances the officer reasonably believes would be potential safety concerns or medical

risks to the person (e.g., uncooperative or violent, prolonged struggle, extreme agitation, medical conditions) that may have occurred prior to, or during, transportation.

901.17 TRAINING

The Chief of Police should provide periodic training on this policy and procedures related to transporting persons in custody, restraint systems, and restraint devices.

Grievance Procedure

1000.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Department's philosophy is to promote a free verbal communication between employees and supervisors.

1000.1.1 GRIEVANCE DEFINED

A grievance is any difference of opinion concerning terms or conditions of employment or the dispute involving the interpretation or application of any of the following documents by the person(s) affected:

- The employee bargaining agreement (Memorandum of Understanding)
- This Policy Manual
- District rules and regulations covering personnel practices or working conditions

Grievances may be brought by an individual affected employee or by a group representative.

Specifically outside the category of grievance are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state, or local law as set forth in the Personnel Complaint Policy.

1000.2 PROCEDURE

Except as otherwise required under a collective bargaining agreement, if an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

(a) Attempt to resolve the issue through informal discussion with immediate supervisor.

(b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Sergeant of the affected division or bureau.

(c) If a successful resolution is not found with the Sergeant, the employee may request a meeting with the Chief of Police.

(d) If the employee and the Chief of Police are unable to arrive at a mutual solution, then the employee shall proceed as follows:

1. Submit in writing a written statement of the grievance and deliver one copy to the Chief of Police and another copy to the immediate supervisor and include the following information:

Published with permission by Napa Valley College Police Department

(a) The basis for the grievance (i.e., what are the facts of the case?).

(b) Allegation of the specific wrongful act and the harm done.

(c) The specific policies, rules or regulations that were violated.

(d) What remedy or goal is being sought by this grievance.

(e) The employee shall receive a copy of the acknowledgment signed by the supervisor including the date and time of receipt.

(f) The Chief of Police will receive the grievance in writing. The Chief of Police and the President/Superintendent will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the President/Superintendent is considered final.

1000.3 EMPLOYEE REPRESENTATION

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1000.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to the Chief of Police for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the Human Resource office to monitor the grievance process.

1000.5 GRIEVANCE AUDITS

The Chief of Police shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Chief of Police shall record these findings in a confidential and generic memorandum to the Associate Vice President of Human Resources without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Chief of Police should promptly notify the Associate Vice President of Human Resources.

Anti-Retaliation

1001.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1001.2 POLICY

The Napa Valley College Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1001.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1001.3.1 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS
An officer shall not be retaliated against for reporting a suspected violation of a law or regulation of another officer to a supervisor or other person in the Department who has the authority to investigate the violation (Government Code § 7286(b)).

1001.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the District Director of Human Resources.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1001.5 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.

(b) The timely review of complaint investigations.

(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.

(d) The timely communication of the outcome to the complainant.

1001.6 WHISTLE-BLOWING

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

(a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.

(b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.

(c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.

(d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.

(e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Sergeant for investigation pursuant to the Personnel Complaints Policy.

1001.6.1 DISPLAY OF WHISTLE-BLOWER LAWS

The College shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1001.7 RECORDS RETENTION AND RELEASE

The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

Reporting of Arrests, Convictions, and Court Orders

1002.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Napa Valley College Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1002.2 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and California law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1002.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on a member's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1002.4 REPORTING

All members and all retired officers with an identification card issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Officer in Charge or the Chief of Police) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether or not the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

All members and all retired officers with an identification card issued by the Department shall further promptly notify their supervisors (retired officers should immediately notify the Officer in Charge or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable POST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing their duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on the member's own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1002.4.1 NOTIFICATION REQUIREMENTS

The Chief of Police shall submit within 10 days of final disposition a notice to POST of a conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1002.5 POLICY

The Napa Valley College Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

Drug- and Alcohol-Free Workplace

1003.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1003.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1003.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Officer in Charge or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1003.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1003.3.2 USE OF MARIJUANA

Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1003.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from the unlawful purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1003.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1003.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1003.7 REQUESTING SCREENING TESTS

The supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1003.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.

Published with permission by Napa Valley College Police Department

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1003.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1003.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1003.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

1004.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.

(c) Notify a supervisor as soon as practicable.

(f) How the incident occurred or was caused

(g) PPE in use at the time of the incident

(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1004.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. Source testing may be achieved by:

(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).

(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the College Counsel to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

Allegations of misconduct will be administratively investigated as follows.

1006.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.

    1. The original complaint form will be directed to the Officer in Charge of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.

(b) Responding to all complainants in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.

    1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.

(g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related

1006.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline (Penal Code § 13510.8).

1006.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding, and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that an officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

Additionally, any evidence of a court finding that an officer violated Penal Code § 745 (California Racial Justice Act of 2020) shall not be introduced for any purpose in any administration appeal of a punitive action (Government Code § 3305.6).

However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

Seat Belts

1007.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

Guidance for transporting persons in custody may be found in the Transporting Persons in Custody and Handcuffing and Restraints policies.

1007.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1007.2 POLICY

It is the policy of the Napa Valley College Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1007.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1007.4 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1007.5 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1007.6 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1007.7 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1008.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1008.2 POLICY

It is the policy of the Napa Valley College Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1008.3 ISSUANCE OF BODY ARMOR

The Chief of Police shall ensure that body armor is issued to all officers when the officer begins service at the Napa Valley College Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Chief of Police supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1008.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.

(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.

(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

(d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.

(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1008.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.

1008.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

(b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.

Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

(a) Records relating to the report, investigation, or findings of:

1. The discharge of a firearm at another person by an officer.
2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by an officer.
3. A sustained finding involving a complaint that alleges unreasonable or excessive force.
4. A sustained finding that an officer failed to intervene against another officer using force that is clearly unreasonable or excessive.

(b) Records relating to an incident where a sustained finding was made by the Department or oversight agency regarding:

1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any false statements, filing false reports, destruction, falsifying, or concealing of evidence, or perjury.
3. An officer engaged in conduct including but not limited to verbal statements, writings, online posts, recordings, and gestures involving prejudice or discrimination against a person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.
4. An officer made an unlawful arrest or conducted an unlawful search.

Qualifying records will be made available regardless of whether the officer resigns before the Department or an oversight agency concludes its investigation (Penal Code § 832.7(b)(3)).

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(4)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(5). However, factual information about the action of the officer during an incident or the statements

of an officer shall be released if the statements are relevant to a finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(5)).

1009.9.1 REDACTION

The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

(a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers

(b) Information that would compromise the anonymity of whistleblowers, complainants, victims, and witnesses

(c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct and use of force

(d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

1009.9.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations

1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who engaged in misconduct or used the force.

(b) Filed criminal charges

1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

1. Disclosure may be delayed until:

    (a) There is a determination from the investigation whether the misconduct or use of force violated law or department policy, but no longer than 180 days after the date of the department's discovery of the misconduct or use of force or allegation of misconduct or use of force

1009.9.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

(a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

    1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:

        (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

Overtime Guidance

1012.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off.

1012.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment.

1012.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked.

After the entry has been made on the employee's time card, the overtime payment request form is forwarded to the Chief of Police for final approval.

1012.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., two hours for Court, four hours for outside overtime). The supervisor will enter the actual time worked.

1012.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

TIME WORKED	INDICATE ON CARD
1 to 15 minutes	.25
16 to 30 minutes	.50
31 to 45 minutes	.75
46 to 60 minutes	1 hour

1012.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Outside Employment

1013.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1013.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1013.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete a written request which shall be submitted to the employee's immediate supervisor. The request will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with written approval. Unless otherwise indicated in writing, the approval will be valid through the end of the calendar year in which it is granted.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial (Penal Code § 70(e)(3)).

1013.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's request is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1013.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

(a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment. That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment.

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.

(c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status.

1013.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment submitted by an employee seeking to engage in any activity which:

(a) Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage

(b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department

(c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department

(d) Involves time demands that would render performance of the employee's duties for this department less efficient

1013.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Copyright Lexipol, LLC 2026/01/07, All Rights Reserved.
Published with permission by Napa Valley College Police Department

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The officer(s) shall wear the departmental uniform/identification.
2. The officer(s) shall be subject to the rules and regulations of this department.
3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
5. Outside security services shall not be subject to the collective bargaining process.
6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1013.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1013.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1013.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee

to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1013.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1013.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their outside work, a notice of revocation of the member's approval to work will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment include, but are not limited to, the following:

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the District's professional medical advisors.

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee’s failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Napa Valley College Police Department, a request (in writing) may be made to the Chief of Police to restore the member's approval to work.

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1014.2 POLICY

The Napa Valley College Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

1014.3 RESPONSIBILITIES

1014.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1014.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Districtwide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification policy applies and take additional action as required.

1014.3.3 SERGEANT RESPONSIBILITIES

The Sergeant who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police and the District's risk management entity to ensure any required Division of Occupational Health and Safety Administration (Cal/OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1014.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1014.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the District to determine whether the offered settlement will affect any claim the District may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the District's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Temporary Modified-Duty Assignments

1019.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, District rules, current memorandums of understanding, or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability or limitation that is protected under federal or state law.

1019.2 POLICY

Subject to operational considerations, the Napa Valley College Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1019.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Napa Valley College Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1019.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the College Counsel as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Officer in Charge or Sergeant, with notice to the Chief of Police.

1019.6 MEDICAL EXAMINATIONS

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1019.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment. Nothing in this policy limits a pregnant employee's right to a temporary modified-duty assignment if required under Government Code § 12945.

If notified by an employee or the employee's representative regarding limitations related to pregnancy, childbirth, or related medical conditions, the Department should make reasonable efforts to provide an accommodation for the employee in accordance with federal and state law. The accommodation should be provided without unnecessary delay, as appropriate (42 USC § 2000gg-1; 29 CFR 1636.3; 29 CFR 1636.4; Government Code § 12945).

Speech, Expression, and Social Networking

1020.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of member speech and expression with the needs of the Napa Valley College Police Department.

This policy applies to all forms of communication including but not limited to digital media, print media, public or private speech, and use of all internet services, including the web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech, or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

1020.2 POLICY

Members of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the Napa Valley College Police Department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Department will carefully balance the individual member's rights against the needs and interests of the Department when exercising a reasonable degree of control over its members' speech and expression.

1020.3 SAFETY

Members should carefully consider the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of Napa Valley College Police Department members, such as posting personal information in a public forum or posting a photograph taken with a Global Positioning System (GPS)-enabled camera, can result in compromising a member's home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member's family, or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow department member.

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation, or professionalism of the Department or its members.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Department and tends to compromise or damage the mission, function, reputation, or professionalism of the Department or its members. Examples may include:

1. Statements that indicate disregard for the law or the state or U.S. Constitutions.
2. Expression that demonstrates support for criminal activity.
3. Participation in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the member as a witness. For example, posting to a website statements or expressions that glorify or endorse dishonesty, unlawful discrimination, or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the members of the Department (e.g., a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing members by informing criminals of details that could facilitate an escape or attempted escape).

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Department.

(f) Use or disclosure, through whatever means, of any information, photograph, digital media, or other recording obtained or accessible as a result of employment or appointment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.

(g) Posting, transmitting, or disseminating any photographs, digital media, or audio recordings, likenesses, or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment, or other material that specifically identifies the Napa Valley College Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

Members must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1020.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While members are not restricted from engaging in the following activities as private citizens or as authorized members of recognized bargaining units or employee groups, members may not represent the Napa Valley College Police Department or identify themselves in any way that could be reasonably perceived as representing the Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

(a) Endorse, support, oppose, or contradict any political campaign or initiative.

(c) Endorse, support, or oppose any product, service, company, or other commercial entity.

(d) Appear in any commercial, social, or nonprofit publication; or any motion picture, film, video, or public broadcast; or on any website.

Additionally, when it can reasonably be construed that a member, acting in their individual capacity or through an outside group or organization, including as an authorized member of a recognized bargaining unit or an employee group, is affiliated with this department, the member shall give a specific disclaiming statement that any such speech or expression is not representative of the Napa Valley College Police Department.

Members retain their rights to vote as they choose, to support candidates of their choice, and to express their opinions as private citizens, including as authorized members of recognized bargaining units or employee groups, on political subjects and candidates at all times while off-duty. However, members may not use their official authority or influence to interfere with or affect the result of elections or nominations for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command, or advise another member to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes (5 USC § 1502).

1020.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published or maintained through file-sharing software or any internet site, including social media, that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department should not require a member to disclose a personal user name or password for accessing personal social media or to open a personal social website.

1020.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or the authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of their duties.

Line-of-Duty Deaths

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Napa Valley College Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1021.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1021.2 POLICY

It is the policy of the Napa Valley College Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1021.3 INITIAL ACTIONS BY COMMAND STAFF

(a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Officer in Charge and Dispatch.

1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).

(b) The Officer in Charge should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

(c) If the member has been transported to the hospital, the Officer in Charge or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

(d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1021.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Officer in Charge, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Napa Valley Law Enforcement chaplain.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

(g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting child care or other immediate needs.

(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes, and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivors' names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Napa Valley College Police Department members may be apprised that survivor notifications are complete.

1021.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member’s survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1021.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- The selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include but are not limited to:

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1021.6.4 WELLNESS SUPPORT LIAISON

ALLIANCE for HOPE INTERNATIONAL

Being strangled (choked) could end your life within 4 minutes

LET'S CREATE YOUR SAFETY PLAN

"NOW IS THE TIME TO TELL WHAT HAPPENED"

SURVIVOR

This informational brochure was created by
The Institute on Strangulation Prevention, a program of Alliance for HOPE International
strangulationtraininginstitute.com

When domestic violence perpetrators strangle (choke) their victims, this is a crime. Strangulation can be charged as a felony assault and could be considered attempted homicide.

Strangulation is an ultimate form of power and control, where the batterer demonstrates control over the victim's next breath, having devastating psychological effects and a potentially fatal outcome.

A SMALL AMOUNT OF PRESSURE AROUND THE NECK CAN RESULT IN A LOST OF CONSCIOUSNESS IN 6.8 SECONDS. DEATH CAN OCCUR WITHIN 62 SECONDS ALL THE WAY TO 152 SECONDS. TO LEARN MORE VISIT youtube.com/watch?v=_i79_xdEgK8

Victims of non-fatal strangulation are at a higher risk of being re-assaulted by their abuser/perpetrator and **750%** more likely of being killed by their abuser. If the abuser/perpetrator has access to firearms the risk of being killed increases to **1100%**.

Safety **BEFORE** Strangulation

- Educate yourself on the seriousness of strangulation.
- If your abuser/perpetrator has threatened to strangle, choke or suffocate you in the past, take it seriously.
- If your abuser/perpetrator talks about using strangulation/choking during sex or as "play," take this seriously for the health reasons mentioned previously.
- If strangulation is imminent try to remove scarves, jewelry, loose strings or cords that could be easily used to strangle you.
- If possible, avoid rooms like the bedroom, and bathroom where the risk for suffocation by pillow or drowning may increase.
- If comfortable, learn self-defense strategies to try to stop your abuser/perpetrator from strangling, like pressing your chin to your chest to block hands/arms from tightening and kneeing the abuser/perpetrator in the groin.
- If you can sense abuse coming, then you can try to manage it by implementing your safety plan (i.e. leave the home, tell someone you trust, ask someone to check on you, leave the room etc.)
- Remain calm and trust your judgment.
- If you have more questions connect with a victim advocate for additional support and safety planning.
- Keep this document in a safe place away from the abuser/perpetrator.

Safety **DURING** Strangulation

- Comply with abuser/perpetrator if necessary to stay alive.
- Leave if possible. Your life is at risk.
- Keep pressure off at least one side of your neck in order to keep from losing consciousness.
- If the abuser/perpetrator relaxes their hold, try to escape if you can.
- Trust your instincts, whether fighting back or not is most effective.

Often survivors are reluctant to tell anyone about the abuse.

However, **IF SOMEONE HAS STRANGLED/CHOKED YOU, OR IF ANYONE HAS EVER CAUSED YOU TO BE UNABLE TO BREATHE, YOU MUST SHARE THIS PIECE OF YOUR STORY; IT IS MOST IMPORTANT TO TELL BECAUSE IT CAN SAVE YOUR LIFE.**

Safety **AFTER** Strangulation

- Get away immediately, call for help, and go to a safe place.
- Seek immediate medical attention.....**IT MAY SAVE YOUR LIFE!**
- Know that you are not alone and there is **HOPE FOR A BRIGHTER FUTURE**.
- If you go to the hospital, tell the doctor/nurse you were strangled and request a CTA scan.
- Give your medical provider the Medical Assessment Card in order to get a complete medical exam.
- Do not be left alone for at least 48 to 72 hours after a strangulation assault.
- Take photos of your injuries immediately and/or few days afterwards.
- Do not be embarrassed if there was involuntary urination or defecation, as this is a symptom of strangulation.
- Do not wash your clothes (which could be evidence).
- It is important to **FULLY** explain to your medical provider everything that happened to you, and to follow up after your initial appointment.
- Follow up with an Advocate for appropriate safety planning and additional resources and support.

USE THE CHART BELOW TO KEEP TRACK OF YOUR SIGNS, SYMPTOMS AND ANY OTHER SENSATIONS. IF YOU ARE UNABLE TO MONITOR ON YOUR OWN, ASK SOMEONE CLOSE TO YOU TO DO IT FOR YOU.
Please request the **Facts of Strangulation** brochure or download it at www.familyjusticecenter.org/wp-content/uploads/2017/11/Facts-Victims-of-Strangulation-Choking-Need-to-Know-Brochure-2017.pdf

AB 481
Equipment Report

March 2022

2277 Napa – Vallejo Highway, Napa, California 94558
(707) 256-7770 ~ www.napavalley.edu/police

Considerations:

The following AB 481 – reportable equipment inventory sheets contained within this document were compiled at the beginning of the year 2022.

With respect to costs, annual upkeep expenses, and estimated effective lifespan, all efforts have been made to be as accurate as possible while acknowledging that many factors not within the department's control can affect the values.

Costs associated with the following items represent the best estimates at the time this document was prepared. Many of the items are not purchased from manufacturers, but from dealers, who may adjust the costs in accordance with market factors beyond the predictability abilities of Napa Valley College Police.

Because of the unpredictability of law enforcement, many of the items estimated upkeep costs and lifespans may vary due to training availability, incidents, operations, and other factors.

In addition there are some costs for non-AB481 equipment that are used to support the items listed, some examples being slings, carrying cases, and cleaning supplies. These costs are not included in the cost estimates of the listed items.

40 MM Launcher (single capacity)

Description:
The 40 mm less lethal launcher device has the ability to shoot multiple types of 40 mm projectiles. NVCPD Officers are only authorized to carry inert or marking sponge munitions.

Purpose & Use:
A 40 mm less lethal launcher is used to deploy less lethal munitions and is used primarily in de-escalation situations, most commonly where greater accuracy and deliverable energy is desired for the incapacitation of an aggressive, non-complaint subject at longer distances.

Cost & Quantity Allocation:
This piece of equipment has no unique or temporary funding course. Unit cost of $800. NVCPD currently has 2 launchers. Estimated effective lifespan 10+ years.

Training Requirements:
Officers must complete department-approved training presented by the Napa County Sheriff's Office to be authorized to use the 40 mm less lethal launcher device. Officers are also required to attend regular refresher trainings.

Compliance Protocols:
Use of 40 mm less lethal launcher shall conform to all relevant NVCPD policies, including but not limited to NVCPD policy 300, 302, and 700. Officers must maintain compliance with local, state and federal storage, transportation and handling regulations and all relevant local, state and federal use of force legislation.

Public Complaint Procedures:
NVCPD policy number 1004 shall apply to all personnel complaints.

Exact/Direct Impact 40 MM Sponge Munitions

Description:
The exact impact 40 mm sponge munition is a lightweight, high-speed projectile consisting of a plastic body and sponge nose. The round utilizes smokeless powder as the propellant, and, therefore, have velocities that are extremely consistent. The direct impact 40 mm foam munition is a lightweight projectile that consists of a plastic body and a crushable foam nose that contains a powder payload. This payload area can hold inert, marking, OC (Oleoresin Capsicum) or CS (Chlorobenzylidenemalononitrile) powder. The crushable foam nose dissipates energy upon impact while releasing the powder payload. The munition is deployed from a 40 mm launcher.

Purpose & Use:
The exact impact 40 mm sponge munition and the direct impact 40 MM foam round is a point-of-aim, point-of-impact, direct-fire munition that is most commonly used in situations where greater accuracy and deliverable energy is desired for the incapacitation of an aggressive, non-complaint subject at longer distances. These are considered less lethal impact munitions (LLIM). NVCPD officers are only authorized to carry inert or marking munitions for use.

Cost & Quantity Allocation:
This expendable equipment has no unique or temporary funding source. Unit cost of $25 annual estimated training and operational allocation of 2 units.

Training Requirements:
Officers must successfully complete department-approved training presented by the Napa County Sheriff's Office to be authorized to use the exact impact 40 mm sponge munition and the direct impact 40 mm foam munition.

Compliance Protocols:
Use of the exact impact 40 mm sponge munition and the direct impact 40 mm foam munition shall conform to all relevant NVCPD policies, including but not limited to NVCPD policy 300, 302, and 700. Officers must maintain compliance with local, state and federal storage, transportation and handling regulations and all relevant local, state and federal use of force legislation.

Public complaint procedures:
NVCPD policy number 1004 shall apply to all personnel complaints

AB 481
Equipment Report

April 2025

2277 Napa – Vallejo Highway, Napa, California 94558
(707) 256-7770 ~ www.napavalley.edu/police

Considerations:

The following AB 481 – reportable equipment inventory sheets contained within this document were compiled at the beginning of the year 2022.

With respect to costs, annual upkeep expenses, and estimated effective lifespan all efforts have been made to be as accurate as possible while acknowledging that many factors not within the department's control can affect the values.

Costs associated with the following items represent the best estimates at the time this document was prepared. Many of the items are not purchased from manufacturers, but from dealers, who may adjust the costs in accordance with market factors beyond the predictability abilities of Napa Valley College Police.

Because of the unpredictability of law enforcement many of the items estimated upkeep costs and lifespans may vary due to training availability, incidents, operations, and other factors.

In addition there are some costs for non-AB481 equipment that are used to support the items listed, some examples being slings, carrying cases, and cleaning supplies. These costs are not included in the cost estimates of the listed items.

Update:

Napa Valley College did not deploy any of the equipment listed in this report, other than for training purposes. There were no complaints issued regarding the equipment or it's use.

40 MM Launcher (single capacity)

Description:
The 40 mm less lethal launcher device has the ability to shoot multiple types of 40 mm projectiles. NVCPD Officers are only authorized to carry inert or marking sponge munitions.

Purpose & Use:
A 40 mm less lethal launcher is used to deploy less lethal munitions and is used primarily in de-escalation situations, most commonly where greater accuracy and deliverable energy is desired for the incapacitation of an aggressive, non-complaint subject at longer distances.

Cost & Quantity Allocation:
This piece of equipment has no unique or temporary funding course. Unit cost of $800. NVCPD currently has 2 launchers. Estimated effective lifespan 10+ years.

Training Requirements:
Officers must complete department-approved training presented by the Napa County Sheriff's Office to be authorized to use the 40 mm less lethal launcher device. Officers are also required to attend regular refresher trainings.

Compliance Protocols:
Use of 40 mm less lethal launcher shall conform to all relevant NVCPD policies, including but not limited to NVCPD policy 300, 302, and 700. Officers must maintain compliance with local, state and federal storage, transportation and handling regulations and all relevant local, state and federal use of force legislation.

Public Complaint Procedures:
NVCPD policy number 1004 shall apply to all personnel complaints.

Exact/Direct Impact 40 MM Sponge Munitions

Description:
The exact impact 40 mm sponge munition is a lightweight, high-speed projectile consisting of a plastic body and sponge nose. The round utilizes smokeless powder as the propellant, and, therefore, have velocities that are extremely consistent. The direct impact 40 mm foam munition is a lightweight projectile that consists of a plastic body and a crushable foam nose that contains a powder payload. This payload area can hold inert, marking, OC (Oleoresin Capsicum) or CS (Chlorobenzylidenemalononitrile) powder. The crushable foam nose dissipates energy upon impact while releasing the powder payload. The munition is deployed from a 40 mm launcher.

Purpose & Use:
The exact impact 40 mm sponge munition and the direct impact 40 MM foam round is a point-of-aim, point-of-impact, direct-fire munition that is most commonly used in situations where greater accuracy and deliverable energy is desired for the incapacitation of an aggressive, non-complaint subject at longer distances. These are considered less lethal impact munitions (LLIM). NVCPD officers are only authorized to carry inert or marking munitions for use.

Cost & Quantity Allocation:
This expendable equipment has no unique or temporary funding source. Unit cost of $25 annual estimated training and operational allocation of 2 units.

Training Requirements:
Officers must successfully complete department-approved training presented by the Napa County Sheriff's Office to be authorized to use the exact impact 40 mm sponge munition and the direct impact 40 mm foam munition.

Compliance Protocols:
Use of the exact impact 40 mm sponge munition and the direct impact 40 mm foam munition shall conform to all relevant NVCPD policies, including but not limited to NVCPD policy 300, 302, and 700. Officers must maintain compliance with local, state and federal storage, transportation and handling regulations and all relevant local, state and federal use of force legislation.

Public complaint procedures:
NVCPD policy number 1004 shall apply to all personnel complaints
